**System Policy 3.38 Career Information**

**Part 1. Purpose**

This policy requires colleges and universities to provide career information to students.

**Part 2. Definition**

The definition below applies to this policy only.

**Career Information**

Career information consists of print, electronic, personal contacts, and other resources that assist the process of career development. Career information includes occupational and industry information, education and training information and social information related to the world of work. This information helps students identify goals and career interests.

**Part 3. College and University Policy**

Each college and university shall provide career information to all students.
