### Board Policy 2.3 Student Involvement in Decision-making

#### Part 1. Purpose

To promote student involvement in college, university, and system decision-making and to assure that student perspectives are considered.

#### Part 2. Policy Statement

Students, through their campus and statewide student associations, must be provided the opportunity:

- for representation on college, university, and system committees involving or affecting student interests, and
- to review or be consulted on issues that have significant impact on students, including but not limited to, policy development and/or decision-making processes.

Campus student associations have the responsibility to provide a campus student association letter when requested by the Board of Trustees.

#### Part 3. Selection of Student Representatives

- At the system level, student representative(s) must be selected by the statewide student association(s).
- At the college or university level, student representative(s) must be selected by the recognized campus student association(s).

#### Part 4. Exceptions

This policy does not apply to the following:

1. Committees established for the evaluation of personnel.
2. Committees established under collective bargaining agreements.
3. Management teams, presidential cabinets, and committees of the Board of Trustees.
