Section I. General Information

Background

Minneapolis Community and Technical College (MCTC) is a public two-year college located in the heart of downtown Minneapolis. MCTC enrolls nearly 13,000 credit students annually and is an active partner in initiatives designed to strengthen the social, economic and cultural vitality of the Twin Cities metropolitan area.

Created in 1996, and a member of Minnesota State, MCTC is the result of the merger of two institutions: a technical college with a long history of vocational education dating back to 1914 and an open-enrollment community college established in 1965. Currently, the spacious campus covers 21.6 acres of land and recent expansions include a new state-of-the-art Science Center, dining hall and outdoor plaza.

Nature of RFP

The College is seeking proposals from qualified firms to provide advertising buying services. This Request for Proposals (RFP) outlines basic requirements for services to be provided. The College is the client and makes no guarantee as to the number and size of projects which may be awarded under this proposal. The College may elect to use in-house services and resources, including students and staff, for all or part of any project. The College's Marketing and Communications Division will be the firm's point of contact throughout the contract and will coordinate the professional services required of the firm. The term for the agreement will be one (1) year with an option to renew for one (1) additional one-year term if mutually agreed upon by the College and the firm.

General Selection Criteria

General criteria upon which proposals will be evaluated include, but are not limited to, the following:

- Experience providing such services to clients in other industries
- Higher education experience
- Vendor's financial position
- Vendor's ability to respond to and manage multiple projects simultaneously
- Vendor's references and applicability to requirements
- Overall value articulated in proposal
- Ability to successfully demonstrate/present proposed plan

All materials submitted in response to this RFP will become property of the State of Minnesota and will become public record after the evaluation process is completed. Pursuant to the statute, completion of the evaluation process occurs when Minnesota State has completed negotiating the contract with the selected vendor. - Mark clearly all trade secret materials in its response at the time the response is submitted;
- Include a statement with its response justifying the trade secret designation for each item;
- Defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless the State of Minnesota, Minnesota State, its agents and employees, from any judgments or damages awarded against the State or Minnesota State in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives Minnesota State's award of a contract. In submitting a response to this RFP, the responder agrees this indemnification survives as long as the trade secret materials are in possession of Minnesota State.

Minnesota State will not consider the prices submitted by the Responder to be proprietary or trade secret materials.

Conflict of Interest

The vendor must provide a list of all entities with which it has relationships that create, or appear to create, a conflict of interest with the work that it is contemplated in this Request for Proposal. The list should indicate the names of the entity, the relationship, and a discussion of the conflict.

Organizational Conflicts of Interest

The responder warrants that, to the best of its knowledge and belief, and except as otherwise disclosed, there are no relevant facts or circumstances that could give rise to organizational conflicts of interest. An

organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons, a vendor is unable or potentially unable to render impartial assistance or advice, or the vendor's objectivity in performing the contract work is or might be otherwise impaired, or the vendor has an unfair competitive advantage. The responder agrees that, if after award, an organizational conflict of interest is discovered, an immediate and full disclosure in writing must be made to the respective school's chief financial officer or the System Office's Business Manager that must include a description of the action which the vendor has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, the school or System Office may, at its discretion, cancel the contract. In the event the responder was aware of an organizational conflict of interest prior to the award of the contract and did not disclose the conflict to the contracting officer, the school or System Office may terminate the contract for default. The provisions of this clause must be included in all subcontracts for work to be performed similar to the service provided by the prime contractor, and the terms "contract," "contractor," and "contracting officer" modified appropriately to preserve Minnesota State's rights.

Physical and Data Security

The vendor is required to recognize that on the performance of the contract the vendor will become a holder of and have access to private data on individuals and nonpublic data as defined in the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13; and other applicable laws.

In performance of the contract, the vendor agrees it will comply with all applicable state, federal and local laws and regulations, including but not limited to the laws under Minnesota Statute Chapters 13 relating to confidentiality of information received as a result of the contract. The vendor agrees that it, its officers, employees and agents will be bound by the above confidentiality laws and that it will establish procedures for safeguarding the information.

The vendor agrees to notify its officers, employees and agents of the requirements of confidentiality and of the possible penalties imposed by violation of these laws. The vendor agrees that neither it, nor its officers, employees or agents will disclose or make public any information received by the vendor on behalf of Minnesota State and MCTC.

The vendor shall recognize Minnesota State's sole and exclusive right to control the use of this information. The vendor further agrees it shall make no use of any of the described information, for either internal or external purposes, other than that which is directly related to the performance of the contract.

The vendor agrees to indemnify and hold harmless the State of Minnesota, Minnesota State and MCTC from any and all liabilities and claims resulting from the unauthorized disclosure by the vendor, its officers, employees or agents of any information required to be held confidential under the provisions of the contract. The vendor must return all source data to the "Authorized Representative" to be identified in the contract.
