BOARD INFORMATION

ROLES AND RESPONSIBILITIES OF THE AUDIT COMMITTEE

BACKGROUND

The audit committee is responsible for overseeing the complex, technical work of external and internal auditing. Board Policy 1A.2, Part 5, Subpart E requires annual training for audit committee members to prepare them for carrying out their oversight responsibilities.

This training session will familiarize members with board policies that relate to the audit committee and the Office of Internal Auditing. Specific policies that members should be aware of are:

- 1A.2 Board of Trustees, Part 5, subpart E
- 1A.4 System Administration Appointment of Administrators
- 1C.2 Fraudulent or Other Dishonest Acts
- 1D.1 Office of Internal Auditing

Board policies are located at (http://www.mnscu.edu/board/policy/)

In addition, this training session is intended to prepare members for the process of reviewing the audited financial statements. In November 2011, the audit committee will review the audited financial statements for the MnSCU system, its Revenue Fund, and 13 of the largest colleges and universities. The following pages are a proposed approach for the review of financial statements.

The attached checklist is intended to facilitate the review of those financial statements.

Financial Statement Audits Checklist

Introduction

One of the most important responsibilities of the audit committee is to serve as "gatekeeper" for the release of financial statements. These financial statements are used by fiscal analysts that evaluate the credit worthiness of the State of Minnesota and the Minnesota State Colleges and Universities. Other users include potential donors, legislators, faculty and student unions, and other interested stakeholders. This checklist is designed to highlight the important aspects of the audited financial statements to be reviewed.

I. Reports from the external auditor. These reports consist of the Independent
Auditor's Report (which precedes the financial statements) and the Report on Internal
Control over Financial Reporting and on Compliance and Other Matters Based on an
Audit of Financial Statements Performed in Accordance with Government Audit
Standards (which follows the notes to the financial statements). External auditors
also may issue a separate letter to the committee that provides findings and
recommendations related to internal controls and compliance.

YES	NO	
		Does the <u>Independent Auditor's Report</u> cite any departures from Generally Accepted Accounting Principles?
		Does the <u>Independent Auditor's Report</u> cite any limitation on applying Generally Accepted Auditing Standards?
		Does the <u>Report on Internal Control and Compliance</u> cite any exceptions noted as material weaknesses or significant deficiencies?
		Does the <u>Report on Internal Control and Compliance</u> cite any instances of non-compliance?
		Has the auditor communicated any disagreements with management or difficulties encountered during the audit?
		Has the auditor communicated any significant audit adjustments made to the financial statements?

If there is an affirmative answer to any of these questions, more information must be obtained to evaluate the consequences of the issue.

II.	Basic Financial Statements and Trends. The basic financial statements include the Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows. In addition, a Management Discussion & Analysis (MD&A) section of the financial report is designed to highlight the core business activities of the organization. Based on the basic statements and MD&A, are there noteworthy trends in any of the following [Note: additional guidance will be provided to assist with evaluating these financial trends.]:				
	YES	NO			
			Tuition and Fees		
			State Operating and Capital Appropriations		
			Employee Compensation		
			Federal and State Financial Aid Programs		
			Capital Asset Construction and Maintenance		
			Auxiliary Operations, such as bookstores, residence halls, and food services		
			Unrestricted Net Asset Balances (Check the primary reserve ratio disclosed in the MD&A section for adequacy)		
	If there is an affirmative answer to any of these questions, more information must be obtained to evaluate the consequences of the issue.				
III.	High Risk Transactions. The notes to the financial statements explain the accounting methods used to prepare the financial statements and must highlight transactions that have a significant impact. The notes are a good source for furt information on high risk transactions. Some transactions present greater challer and, thus, risks to the quality of financial reporting. Are there disclosures on th following issues:				
	YES	NO			
			Prior Period Adjustments		
			Significant joint ventures, alliances, and partnerships		
			Contingent Liabilities Resulting from Litigation		
			Related Party Transactions		
			Subsequent Events.		

If there is an affirmative answer to any of these questions, more information must be obtained to evaluate the consequences of the issue.
