Information

**Brief Description:**

Board Policy 5.9, Biennial and Annual Operating Budget Planning and Approval, requires the Board of Trustees to approve the systemwide annual all funds operating budget plans for colleges, universities and the system office. Board Policy 5.11, Tuition and Fees, requires the Board of Trustees to approve the tuition and fee structure for all colleges and universities.

This is the first reading of the Minnesota State Colleges and Universities' fiscal year 2015 (FY2015) operating budget, including tuition and fees. Additional materials regarding the outcome of the legislative session will be distributed at the Finance and Facilities Committee meeting.

**Scheduled Presenter(s):**

Laura M. King, Vice Chancellor - CFO  
Deborah Bednarz, Director – Financial Planning and Analysis

**BOARD OF TRUSTEES  
MINNESOTA STATE COLLEGES AND UNIVERSITIES**

<b>ACTION ITEM</b>
<b>Fiscal Year 2015 Operating Budget (First Reading)</b>

**BACKGROUND**

The Board of Trustees is being asked to approve the annual operating budget of Minnesota State Colleges and Universities and the tuition and fee structure that will be in effect from July 1, 2014 to June 30, 2015. This is the first reading of the fiscal year 2015 operating budget.

Board packet materials include:

- Funding overview
- Fiscal year 2014 budget review
- Fiscal year 2015 outlook
- Revenue fund outlook
- Student consultation results
- Detailed tuition and fee charges, including revenue fund charges
- Supplemental materials

Because the fiscal year 2015 operating budget will reflect actions taken during the 2014 legislative session, the outcome of which was not known at the time this report was prepared, the May board materials do not include enterprise level budget information or detailed budgets from the colleges and universities. A report on the outcome of the legislative session will be provided at the May Finance and Facilities committee meeting. Comprehensive budget information, including detailed revenue and expenditure budgets for colleges and universities, will be provided at the June meeting.

**EXECUTIVE SUMMARY**

- The fiscal year 2015 operating budget places a strong emphasis on *protecting affordability*, supporting the strategic framework’s goal of offering the highest value/most affordable higher education option in Minnesota. The undergraduate tuition freeze will be extended for a second year, with rates remaining at 2012-2013 academic year levels. Graduate tuition rates and student fees will also be limited to rate increases of three percent.
- The fiscal year 2015 operating budget will include \$7.278 million in state funding for leveraged equipment, providing students the opportunity to be trained on state-of-the-art equipment they will likely use in the workplace. This hands-on experience will

increase the skillsets of MnSCU students while *enhancing the competitiveness of Minnesota's workforce*.

- The fiscal year 2015 operating budget will include \$52.5 million in state-funded tuition relief which will be used to offset tuition revenue that would have been generated from modest tuition increases in fiscal year 2014 and fiscal year 2015.
- Minnesota State Colleges and Universities requested \$31 million in supplemental funding in fiscal year 2015 to support anticipated compensation increases for faculty and staff over the 2014-2015 biennium. The request stems from a shortfall of on-going funding to pay for anticipated compensation increases from the 2013 legislative session. The Governor, House and Senate have recommended an additional \$17 million in fiscal year 2015, with each recommending different levels of on-going funding for this request. A legislative update will be provided at the May Finance and Facilities Committee meeting.
- FYE enrollment is projected to be 7.4 percent higher in 2015 than in 2003. Reflecting an improving economy and changing demographics, enrollment is expected to decline by 1.6 percent or 2,251 full year equivalent (FYE) from fiscal year 2014 to fiscal year 2015. Universities are projecting enrollment to fall 1.2 percent or 650 FYE, and colleges are projecting declines of 1.8 percent or 1,601 FYE.
- Revenue fund fees support auxiliary facilities, such as residence halls, student unions, parking, and other revenue generating facilities. Room and board fees will increase an average of 3.65 percent, and student union fees will increase by an average of 1.55 percent in fiscal year 2015. Parking fees will increase modestly. New revenue fund projects that are in progress or nearing completion in fiscal year 2015 will be implementing their planned fees.

## **FUNDING OVERVIEW**

The two primary sources of operating revenues for Minnesota State Colleges and Universities are state appropriation and tuition charged to students. In fiscal year 2013, these two revenue sources comprised approximately 76 percent of total revenues. Other revenue sources included fees, sales, and federal, state and private grants.

Tuition charged to students is offset by federal Pell grants and state grant program funds awarded to students and applied to tuition. These grant funds help reduce the cost of a student's education. In fiscal year 2013, grant funds accounted for approximately 37 percent or \$323 million of gross tuition revenue.

**In fiscal year 2014, the tuition freeze combined with changes to the state grant program lowered the cost of attendance for MnSCU students receiving a state grant.** The annual cost of attendance for state grant recipients attending a MnSCU college (approximately 43 percent of all MnSCU college students) **fell \$210**. The annual cost of attendance for state grant recipients attending a MnSCU university (approximately 30 percent of MnSCU

university students) **fell \$119**. The 2015 operating budget will continue this trend with flat tuition rates and strong state and federal grant support. The June board report will provide additional information if there are any legislative changes in the state grant program concerning the living and maintenance allowance and /or the average grant award.

The 2014-2015 biennial budget approved for Minnesota State Colleges and Universities during the 2013 legislative session impacted both tuition revenue and state funding. The legislature significantly increased state funding while freezing undergraduate tuition at 2012-2013 academic year rates for both fiscal year 2014 and fiscal year 2015.

- Total state appropriation increased by \$102.3 million, a 9.4 percent increase for the 2014-2015 biennium.
- Most of the new funding--\$78 million out of the \$102.3 million in new resources--was dedicated to tuition relief, with state support replacing tuition revenue that would have been generated if tuition rates were increased.
- \$7.278 million in on-going support was appropriated for leveraged equipment beginning in fiscal year 2015.
- A one-time appropriation of \$17 million was appropriated for the retention of talented faculty and staff in fiscal year 2014, with strict reporting requirements attached to the appropriation.

Although the legislature increased funding for Minnesota State Colleges and Universities, the appropriation did not provide enough on-going revenue to support anticipated compensation increases for faculty and staff. In effect, the legislature replaced tuition revenue with state funding, but *did not increase* total on-going resources available to the system.

Total new revenue available to the system for the 2014-2015 biennium was \$72.7 million less than the system's biennial budget request since state funds replaced tuition revenue and only \$7.278 million in new state funding for the leveraged equipment initiative was provided. Other critical initiatives for student internships, educational innovations, retention and student success strategies, and support for growth of high demand programs were not funded.

## **FISCAL YEAR 2014 REVIEW**

The fiscal year 2014 operating budget approved by the Board of Trustees at its June, 2013 board meeting reflected the funding levels and legislative restrictions specified in the enacted biennial budget bill. The approved operating budget:

- Froze undergraduate tuition at fiscal year 2013 rates
- Allocated state funding appropriated by the legislature, including \$25.5 million in tuition relief funding
- Assumed a slight decline in full year equivalent (FYE) enrollment
- Budgeted for average compensation (salary and fringe benefits) increases of 2.6 percent, consistent with the available on-going resources needed to support the increase

Subsequent to the approval of the fiscal year 2014 operating budget, college and university budgets have been adjusted to reflect lower than projected enrollment. Fiscal year 2014 FYE enrollment is now projected to decline 3.5 percent over fiscal year 2013 levels with college enrollment expected to fall 4.4 percent and university enrollment is expected to fall 2.0 percent.

To address these declines, colleges and universities have employed a variety of short-term and long-term strategies. Short-term strategies include reduced hiring, limiting the number of course sections offered, managing vacant positions, and modest use of reserves. In addition, some colleges and universities have implemented across-the-board cuts to non-personnel budgets, frozen discretionary spending, or limited spending in specific areas such as supplies and equipment.

Colleges and universities also have begun implementing long-term strategies to structurally balance their budgets. Many are reducing permanent staff and faculty positions, primarily through attrition or the use of early retirement incentives; however, some layoffs have been necessary. Colleges and universities have also sought new revenue sources by securing grants that cover academic program costs and have continued to seek efficiencies in their operations.

The Minnesota State Colleges and Universities system continues to be one of the most administratively efficient higher education systems in the country. Overall administrative spending per student at MnSCU ranks 40<sup>th</sup> out of 50 states compared to similar colleges and universities.

Even in an environment of enrollment decline, many colleges and universities have strategically added positions and/or invested in targeted priority areas. A few colleges and universities have maintained or modestly increased enrollment and have not had to reduce spending to balance their budgets.

### **Campus Service Cooperative Participation Widespread**

All colleges and universities and the system office reported participation in the Campus Service Cooperative (CSC) either through their use of the strategic sourcing contracts, participation in common business process efforts or both. The majority of colleges and universities reported purchasing from at least one of the strategic sourcing contracts: OfficeMax, Grainger for MRO, managed print services, Verizon, Apple, or Sherwin Williams. Because the contracts are relatively new, significant savings were not reported in fiscal year 2014, but are expected in 2015. Most colleges and universities and the system office also reported participating in at least one shared service activity. Payroll, ISRS to SWIFT reconciliation, bank reconciliations, and financial aid processing were the service areas most frequently cited.

## **Permanent Funding for Contract Settlements Requested**

Subsequent to the approval of the fiscal year 2014 operating budget, Minnesota Management and Budget (MMB), the state agency charged with negotiating contract settlements for classified employees (MAPE, AFSCME, MMA and others), settled contracts at levels that exceeded planning estimates. Because classified employees comprise approximately 37 percent of MnSCU's workforce and because the MMB-negotiated settlements with the classified units set the expectation for MnSCU faculty settlements, the gap between anticipated compensation costs and available resources widened.

To address the shortfall, Minnesota State Colleges and Universities requested a supplemental appropriation of \$31 million in fiscal year 2015 in permanent, on-going resources. The Governor, House and Senate recommended an additional \$17 million in FY2015, with each recommending different levels of on-going funding associated with this request. The conference committee is considering the addition of \$17 million in fiscal year 2015, with \$17 million in annual on-going support incorporated into MnSCU's base appropriation.

Settlements with faculty unions have not been reached due to the uncertainty over the availability of on-going funding to support compensation increases. Once funding decisions have been finalized, contracts are expected to settle quickly.

## **FISCAL YEAR 2015 OUTLOOK**

As previously noted, the outcome of the legislative session and the status of the system's supplemental budget request were not finalized at the time this report was prepared. Because of this uncertainty, college and university level budgets were not prepared for the May board report; this information will be provided at the June meeting. The following provides an overview of the fiscal year 2015 outlook with factors known at this time.

### **Tuition and Fee Charges**

The fiscal year 2015 operating budget places a strong emphasis on protecting affordability, supporting the strategic framework's goal of offering the highest value/most affordable higher education option in Minnesota. The undergraduate tuition freeze will be extended for a second year, with rates remaining at 2012-2013 academic year levels. Graduate tuition rates and student fees will also be limited to rate increases of three percent.

When factoring in modest fee increases, the average annual undergraduate tuition and fees are \$5,388 at the colleges, \$7,680 at the state universities, and \$5,822 systemwide. The undergraduate tuition and fee increases combined resulted in a 0.2 percent change at the colleges, 0.7 percent at the state universities, and 0.4 percent overall.

### **Tuition Relief**

The system will allocate \$52.5 million to colleges and universities in fiscal year 2015 for tuition relief. This funding supports the continuation of the tuition freeze for a second year by

replacing revenue that would have been generated from a tuition increase with state appropriation. The funds will be distributed to colleges and universities based on fiscal year 2013 undergraduate enrollment.

**Enrollment**

Enrollment is expected to decline in fiscal year 2015 by 1.6 percent or 2,251 full year equivalent (FYE). Universities are projecting enrollment declines of 1.2 percent or 650 FYE, and colleges are projecting declines of 1.8 percent or 1,601 FYE from fiscal 2014 levels.

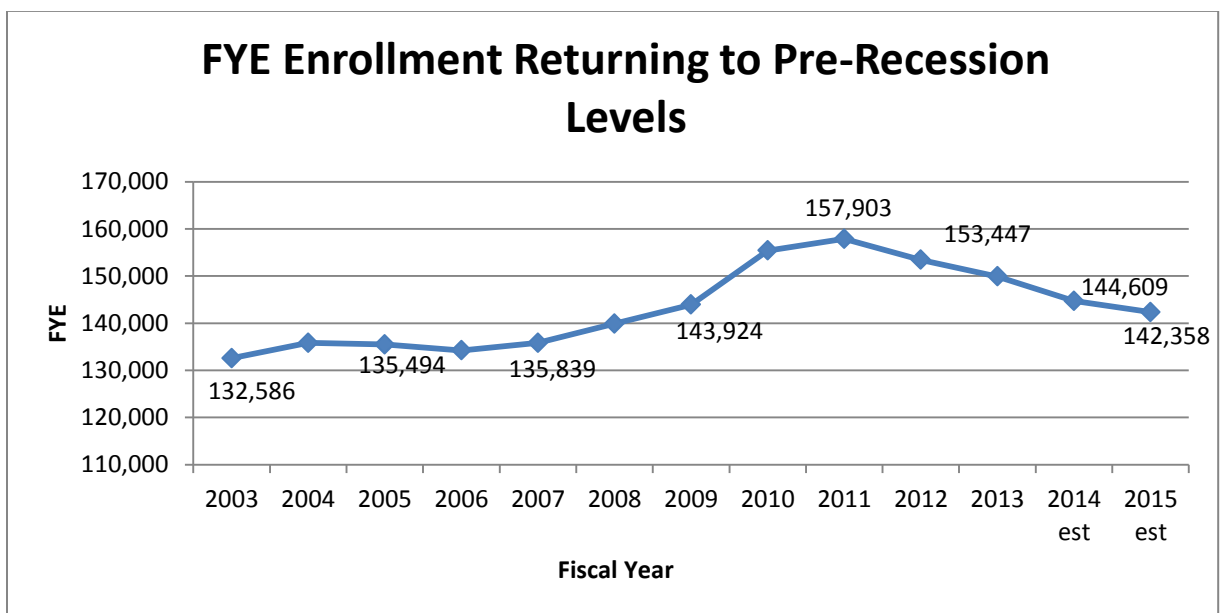

In fiscal year 2015, enrollment is expected to return to 2008 levels. At its peak in fiscal year 2011, enrollment was 19.1 percent higher than fiscal year 2003. By fiscal year 2015, enrollment is projected to be 7.4 percent (or 9,772 FYE) higher than in fiscal year 2003.

An improving economy and underlying demographics are believed to be the primary factors influencing enrollment. A historical analysis of 20 years of enrollment data conducted by System Office Research found that four factors explained much of the change in enrollment: number of high school graduates, the size of the adult population between ages 25 and 34, the unemployment rate, and per capita income.

Minnesota’s relatively low unemployment rate and expected declines in the high school aged population are contributing to the drop in enrollment. Employer demand for a highly-trained, highly-skilled workforce, and the enhanced career and economic prospects for those with the education and skills sought by employers will likely counter some of the demographic and economic factors dampening enrollment.

Chart 1 shows FYE enrollment history between fiscal years 2003 through 2015.

**Chart 1**

## **Leveraged Equipment Funding**

The legislature appropriated \$7.278 million in fiscal year 2015 for leveraged equipment. This funding will enable colleges and universities to purchase state-of-the-art instructional equipment so that students can be trained on the equipment they are likely to encounter in the workplace. This initiative will increase the skills and employability of our students while advancing the competitiveness of Minnesota's workforce.

State funds must be matched by cash or in-kind non-state resources, with the details on the source of the matching funds reported to the legislature. Colleges and universities are currently planning for equipment purchases and are fundraising for the match requirement.

## **Performance Goals**

The 2013 enacted appropriation bill included performance language that tied five percent (or \$28.4 million) of the system's 2015 operations and maintenance funding to achieving at least three of five performance goals. On March 26, 2014, Minnesota State Colleges and Universities reported to the legislative committees with primary jurisdiction over higher education finance and policy that four of the five performance goals were met. We have met the legislative requirements and we expect release of the funds July 1, 2014. Detailed results of the performance goals are found in the Supplemental Packet.

## **REVENUE FUND OUTLOOK**

The Board of Trustees maintains statutory oversight of the revenue fund, including fee approvals. Revenue fund fees support the operations of revenue fund facilities, such as residence halls, dining services, student unions, health/wellness centers, parking and other revenue-generating facilities. Revenue fund fees are charged to generate sufficient revenue to pay debt service owed on revenue fund bonds, operate, equip, maintain, and repair revenue fund facilities. Fourteen out of fifty-four campuses currently participate in the revenue fund.

### **Revenue Fund Facilities**

The revenue fund currently supports approximately 5.6 million square feet of improved buildings including parking ramps in active operation. At present, about sixty-four percent of the square footage is found at state universities, primarily in the residence hall program, and the remainder is located at the colleges in the fund. Parking ramps are included in these calculations. Overall, campuses with residence halls are proposing modest room and board increases. Pending approval, the average fiscal year 2015 room and board rate for a double room and most popular meal plan will be \$7,531. This represents a 3.65 percent increase in room and board rates from last fiscal year.

Over half the campuses with student union fees will hold fees steady or are requesting only slight increases. The average student union fee for fiscal year 2015 will be \$246.74, which would represent a 1.55 percent increase from last year's average fee. Similarly, all the campuses with health/wellness facility fees remain the same for fiscal year 2015 with an average fee of \$123 for a full time student.

Campuses with parking facilities fees will see a mix of modest rate increases and a few that will remain unchanged. Of note, Saint Paul College (2011 revenue bond sale project, parking ramp) proposes the conversion from “by use” to “per credit” parking fees. The finance plan approved by the Board in 2011 for the ramp recognized the potential for this conversion. Saint Paul College proposes a \$9.33 per credit fee for fiscal year 2015, which will actually decrease a full time student’s parking rate from \$386/year to \$279.90/year. The other campus worth noting is Metropolitan State University, which is bringing its new parking ramp into service during fiscal year 2015 and proposes a fee of \$10 per credit or \$300/year in accordance with the approved finance plan. Three of the five parking ramps within the system are on a per credit system.

### **Looking Ahead**

As of May 2014, the revenue fund has \$295.3 million worth of bonds outstanding with an annual debt service payment \$25.9 million. The system operates under a statutory bond cap of \$405 million.

The Board should expect to see a request for a 2015 Revenue Fund Bond Sale this fall. Presently, three campuses are expected to submit projects for the 2015 Revenue Bond Sale with a total sale amount in the \$40-\$43 million range.

Of further note, Standard & Poor’s conducted a mid-cycle ratings call regarding the system’s revenue fund in late April. The system expects to see a reaffirmation of its AA- rating for its revenue fund bonds.

### **STUDENT LIFE/ACTIVITY AND HEALTH SERVICES FEE MAXIMUM RATES**

Mandatory and optional fees are charged to students pursuant to Board Policy 5.11. Each year, the Board of Trustees is asked to review and approve the overall tuition structure. Individual fees are not subject to annual Board approval; rather, the Board of Trustees sets maximum fee rates that colleges and universities cannot exceed when charging students. Board action is not required unless colleges and universities want to adjust the maximum rates.

St. Cloud State University is requesting an exception to the maximum rates charged for student life/activity and health services fees. Due to recent enrollment declines and increasing health care costs, the University believes it is necessary to increase both fees; however, the university currently charges the Board approved maximum rate for both fees.

At the request of St. Cloud State University’s students and campus leadership, the Chancellor is recommending that the Board approve the University’s request to exceed the established maximum rates. Currently, the maximum rate for the student life/activity fee is \$112.50 per term and St. Cloud State University is proposing to charge \$117.36 per term. The health services fee is currently capped at \$65 per term, and St. Cloud State University is proposing to charge \$70.20 per term. Other colleges and universities are either below the maximum rate or did not express an interest in raising the board maximum this fiscal year.

In response to the significant changes to health care resulting from changes in federal care policy, the system will undertake a study of the health services fee in fiscal year 2015. Any recommended changes to the fees will be brought before the board next year.

## **STUDENT CONSULTATION PROCESS**

Colleges and universities have been discussing the fiscal year 2015 budget with campus constituents for several months. Pursuant to Board Policy 2.3, student leaders from the colleges and universities have provided letters describing the consultation process on their local campuses. In addition, the chancellor has consulted regularly with state-wide student leaders to monitor the campus-level consultation process.

Overall, students are satisfied that the consultation process went well and that their presidents and cabinets are working hard to include them in the budget review process. Letters indicate that the students were aware throughout the process that much of the budget information shared was tentative in nature in order to provide sufficient time to discuss the issues thoroughly and ask questions. Students noted that college and university administrations provided updated information as it became available. Many campuses provide multiple opportunities for consultation and inclusion in the process.

Student consultation on tuition and fees has been completed; undergraduate tuition will remain at fiscal year 2014 rates again this year and fee increases will also be limited. The student consultation process on the budget has occurred without final funding decisions made by the legislature. Consequently, most campus budgets were not finalized during the student consultation process.

A summary of the consultation letters is found in the supplemental package. Copies of the student consultation letters will be posted on the MnSCU website.

## **CONCLUSION**

Minnesota State Colleges and Universities is the most affordable post-secondary option for Minnesota students, and the fiscal year 2015 operating budget places a strong emphasis on protecting affordability. Undergraduate tuition will be frozen for the second straight year, graduate tuition rates will be limited to a three percent increase and fee increases will be limited to a three percent.

Minnesota State Colleges and Universities requested \$31 million in on-going state funding to support compensation increases for our faculty and staff. At the time of this writing, the legislature had not made final decisions on the supplemental appropriation bill. Once known, fiscal year 2015 operating budgets will be finalized and presented to the Board of Trustees at the June meeting.

**RECOMMENDED COMMITTEE MOTION:**

The Finance and Facilities Committee recommends that the Board of Trustees adopt the following motion:

- a. Adopt the annual total operating budget for fiscal year 2015. Pursuant to Board Policy 5.9, the Board of Trustees will be periodically provided systemwide budget updates for all funding sources on an exception reporting basis.
- b. Approve the proposed tuition structure recommendations for fiscal year 2015 as detailed in Attachments 1A through 1E.
- c. All tuition increases are effective Summer Term or Fall Term 2014 at the discretion of the president. The chancellor or his designee is authorized to approve tuition structures for new courses or programs proposed after this date, as well as any required technical adjustments, and is requested to incorporate any approvals at the time fiscal year 2016 tuition recommendations are presented to the Board of Trustees.
- d. The Board of Trustees continues the policy of market-driven tuition for closed enrollment courses, customized training, and non-credit instruction, continuing education, and contract postsecondary enrollment option programs.
- e. Approve the revenue fund and related fiscal year 2015 fees for room and board, student union, wellness and recreation facilities, and parking ramps/surface lots as detailed in Attachments 2A through 2D, including any housing fees that the campuses may charge for occupancy outside the academic year. Approve the fiscal year 2015 fees structure for room and board for colleges who either own or manage student housing as detailed in Attachment 2E. The chancellor or his designee is authorized to approve fee structures for any new revenue fund programs as well as any technical adjustments, and is requested to incorporate any approvals at the time fiscal year 2016 recommendations are presented to the Board of Trustees.
- f. Approve an exception to the maximum amounts set by Board policy 5.11 for the Student Life/Activity (\$117.36 per term) and Health Services (\$70.20 per term) fees for St. Cloud State University.

**RECOMMENDED BOARD OF TRUSTEES MOTION:**

- a. Adopt the annual total operating budget for fiscal year 2015. Pursuant to Board Policy 5.9, the Board of Trustees will be periodically provided systemwide budget updates for all funding sources on an exception reporting basis.
- b. Approve the proposed tuition structure recommendations for fiscal year 2015 as detailed in Attachments 1A through 1E.
- c. All tuition increases are effective Summer Term or Fall Term 2014 at the discretion of the president. The chancellor or his designee is authorized to approve tuition structures for new courses or programs proposed after this date, as well as any

- required technical adjustments, and is requested to incorporate any approvals at the time fiscal year 2016 tuition recommendations are presented to the Board of Trustees.
- d. The Board of Trustees continues the policy of market-driven tuition for closed enrollment courses, customized training, and non-credit instruction, continuing education, and contract postsecondary enrollment option programs.
  - e. Approve the revenue fund and related fiscal year 2015 fees for room and board, student union, wellness and recreation facilities, and parking ramps/surface lots as detailed in Attachments 2A through 2D, including any housing fees that the campuses may charge for occupancy outside the academic year. Approve the fiscal year 2015 fees structure for room and board for colleges who either own or manage student housing as detailed in Attachment 2E. The chancellor or his designee is authorized to approve fee structures for any new revenue fund programs as well as any technical adjustments, and is requested to incorporate any approvals at the time fiscal year 2016 recommendations are presented to the Board of Trustees.
  - f. Approve an exception to the maximum amounts set by board policy 5.11 for the Student Life/Activity (\$117.36 per term) and Health Services (\$70.20 per term) fees for St. Cloud State University.

\*Minnesota West only charge these rates to non-residents/non-reciprocity if paperwork is not submitted or MN resident tuition scholarship eligibility is not maintained; otherwise charge resident rate. St. Cloud State University charges resident rates for the following types of students: international, graduate assistants, athletic/academic talent, alumni legacy, and high achiever.

\*\*Effective Fall 2012, non-resident rates will be charged to all MSU Moorhead NR/NR students; this was updated in last year's presentation to the Board
