

Procedure 5.12.1 Military Service and Veterans with Disabilities

Part 1. Purpose

To provide consistent guidance for students within Minnesota State who are called to active duty for military service or are veterans, as defined in Minn. Stat. § 197.447.

Part 2. Applicability

This procedure is applicable to students who are called to active duty for military service or veterans with a service-connected disability certified by the United States Department of Veterans Affairs, and their service-connected medical condition or medical treatment requirements prevent their attendance at, or progress in, their higher education training or studies.

Part 3. Student Options for Course Interruption by Active Duty, Medical Conditions, or Medical Treatment

Students who are members of any branch of the U.S. military and who are unable to complete a semester due to being called to active duty or are veterans with a service-connected disability must, to the extent possible, be provided one of the following options:

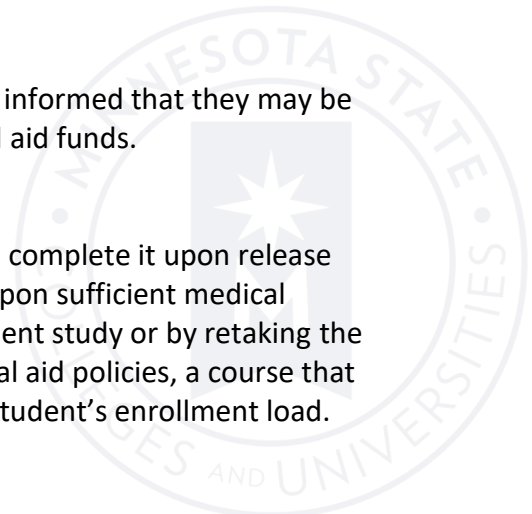

Option 1. Withdraw and refund

The student may withdraw from one or more courses for which tuition and fees have been paid and be given a full refund of tuition and fees. In such a case, the student may either receive a retroactive drop from the courses or “W” grades with an approved tuition waiver and Military Withdrawal annotation on the student’s record, whichever is deemed in the student’s best interest. The Military Withdrawal annotation on the student’s record must not result in negative consequences for the student. The student’s grade point average must not be altered or affected in any manner because of the student’s withdrawal. Any refunds are subject to the requirements of the state or federal financial aid programs of rules and regulations.

Students receiving financial aid who choose this option must be informed that they may be responsible for any required refunds of state or federal financial aid funds.

Option 2. Delay completion

The student may be given a grade of incomplete in a course and complete it upon release from active duty or upon completion of medical treatment, or upon sufficient medical recovery. Course completion may be accomplished by independent study or by retaking the course without additional tuition charges. Under federal financial aid policies, a course that is retaken under these conditions cannot be counted toward a student’s enrollment load.

Option 3. Complete the course

The student may continue and complete the course for full credit. Class sessions missed by the student due to performance of active military service or the veterans' medical treatment or condition, must be treated as an excused absence and cannot be used to adversely impact the student's grade or standing in the class. However, any student who selects this option is not automatically excused from completing assignments due during the time period when the student is performing active military service or receiving medical treatment or recovering from a medical condition.

Pursuant to Minn. Stat. § 192.502, a passing grade must be awarded if, in the opinion of the faculty member teaching the course, the student has completed sufficient work and has demonstrated sufficient progress toward meeting course requirements to justify the grade.

Part 4. Refunds

Military Service members or veterans with a service-connected disability are eligible to receive a refund for paid room, board, and fees attributable to the time period during which the student was serving in active military service or receiving medical treatment or dealing with the student's medical condition and did not use the facilities or services for which the amounts were paid. Any refund of room, board, and fees is subject to the requirements of the state or federal financial aid programs rules and regulations.

Part 5. Withdrawal and Readmission

Students who choose to withdraw must be readmitted and reenrolled as students at the college and/or university, without penalty or redetermination of admission eligibility, if readmittance is requested within two years following release from the state or federal active military service or following completion of medical treatment or sufficient recovery from the student's medical condition.

Procedure History:

Date of Adoption: 5/07/99
Date of Implementation: 5/07/99
Date of Last Review: 04/02/25

Date & Subject of Amendments:

04/02/25 – Full Review. Technical edits, and new formatting and writing standards were made throughout the procedure.

10/13/23 – Reviewed for technical edits, new formatting, and writing standards.

8/8/16 - Title was amended to use inclusive language. Part 1 was deleted. Applicability language was moved from “Purpose” to new Part 2 “Applicability”. Part 3 was amended to clarify student options for course interruption, including clarification regarding retroactive drops. Language was amended on awarding a passing grade to more accurately reflect Minn. Stat. § 192.502. Additional changes for format consistency and clarity.

4/05/10 – Clarified requirements and language expanded to match the updated statute for this benefit; revised wording to match statute for words such as Military Service and Disabled Veterans both in the title of this procedure and within the text as needed; and all links were checked and updated.

06/21/00 –Moved language formerly in system procedure 5.8.1.
