

# Graduation Planner: Plan Messages

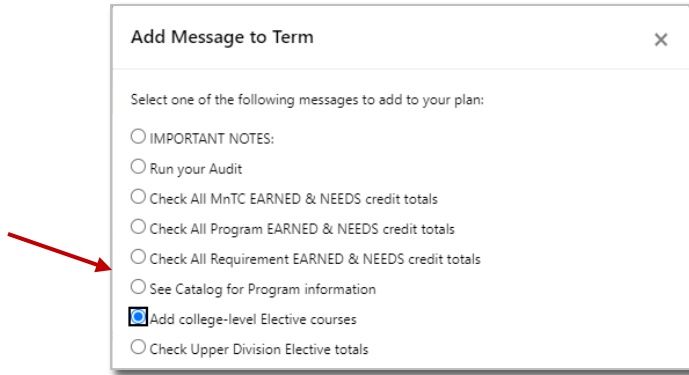

There are preconfigured messages that can be added to a term on a plan in Graduation Planner.

In the Term, select “Add Message”

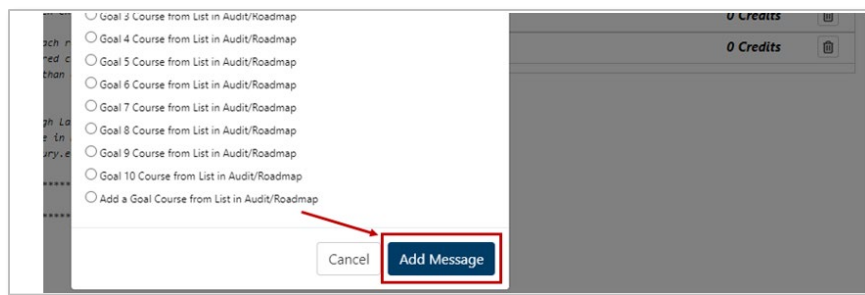

Select one Message from the list:

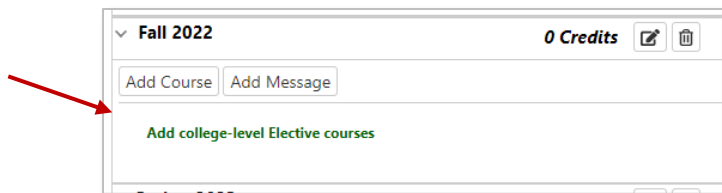

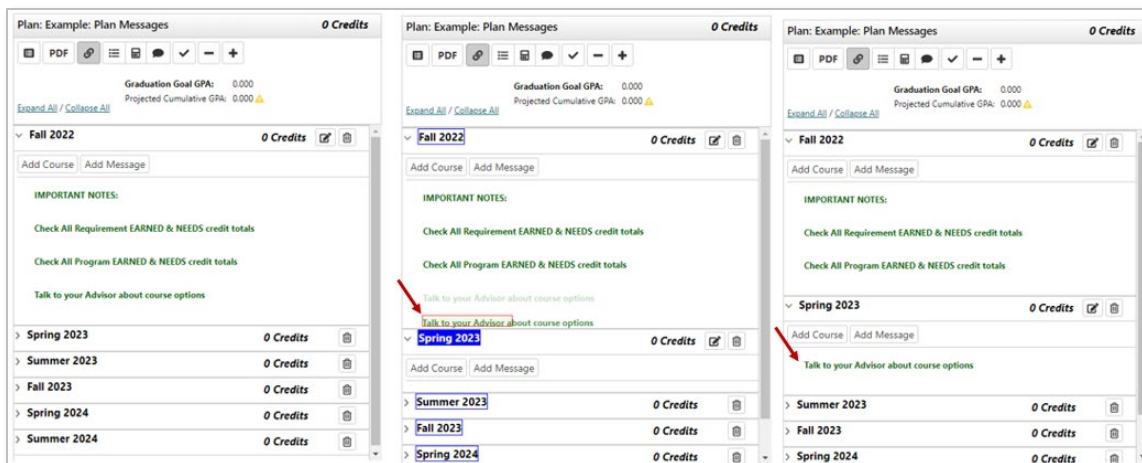

## Select "Add Message"

## The message is added to the Term:

## To move a Plan Message, drag from one term and drop in a different term:

There is not a freeform note option, however, you can add multiple Plan Messages to a term. To add more Plan Messages to a term, repeat the above steps.

**Example:**

The term-by-term plan this student was following recommended that a Goal 5 course be taken during this term.

This student did not know which course they wanted to take.

Rather than selecting a course, they added these messages as a placeholder to remind them to select a Goal 5 course when they return to planning that term.

▼ Fall 2022 9 Credits
