Chancellor’s Updates
Chair Cowles, Vice Chair Rodriguez, trustees – I would like today to update you on three topics. The first is a legislative update and there is not much to say here. Although we were hopeful throughout the last weekend, at the end of the day, the legislative leaders and Governor were not able to negotiate a final package. Based on activity since the end of the regular session, a special session does not look promising. I appreciate the advocacy by this board, our presidents and system office leadership, campus leaders, bargaining unit and student association leaders and the Governor and members. As we think forward to the development of our biennial budget request, we need to determine how continue to build on our narrative of the importance of Minnesota State and the critical role we play in advancing the economic and workforce vitality of the state. The team is beginning to think about how we can engage all members of our community in designing a process to collect ideas and suggestions to be taken under consideration. I look forward to getting this board’s ideas over the summer as we craft our engagement strategy.

The second topic I want to update you on relates to post-pandemic efforts. We continue to monitor state and county level data. Our campuses continue to coordinate with their local public health and will communicate to us if a more stringent protocol is
needed because of local conditions. All throughout the pandemic, we have thought about the lessons to be gained. We realized the power of the system and its ability to scale approaches faster and implement them in a consistent manner across the state. The pandemic accelerated changes in how students want to learn and need to learn, as well as how workers want to work. I look forward to future discussions with the board about how we are applying these lessons learned to both system level and campus level work.

The third and final topic I want to discuss involves our Leadership Action Teams (LATs). This year, we piloted LATs with our presidents. The purpose was to deepen the shared responsibility for all Leadership Council members to engage and to lead. The LATs created opportunities for deeper engagement in discussion around four of our most pressing topics. These include advancing developmental education, transfer/organizational change, post-pandemic strategies, and workforce and economic development. Teams have begun reporting out and I look forward to additional conversation with Leadership Council at our meeting next week to identify next steps that can be taken at either the campus or system level to advance work in these critical areas.

That concludes my remarks.

Chair’s Update

Thank you, Chancellor, for your remarks.

First off, I want to provide an update on upcoming board vacancies. As you’ll recall from the April Executive Committee meeting, we discussed upcoming vacancies – six in total – and reviewed a document detailing characteristics for effective trustees and our current or expected experience gaps. Since that time, all upcoming vacancies have been posted to the Secretary of State’s website, under the ‘Boards and Commissions’ section. As I stated at the April meeting, trustees are welcome to connect with people who they think would be a good candidate for board service to suggest applying. Kari is working with the Secretary of State and Board & Commissions offices to clarify how to ensure we have representation from each congressional district given some residence changes in the past few years. For trustees who may be seeking re-appointment this year, please feel free to reach out to Kari with any questions on that process.

Agenda Item 3: Minutes of May 4, 2022

Chair Cowles asked if there are any changes or amendments to the minutes then asked for a motion to approve. Trustee Vekich made the motion and Trustee Moe provided a second. A roll call vote was conducted and the minutes were approved unanimously.

Though this was a first reading informational item, there has been much discussion and support of the combination. - Trustee Moe: Yes

3. The Executive Committee may meet during periods between regular meetings of the board at the call of the chair.

The Executive Committee shall not have the authority to act on behalf of the board unless specifically delegated by the board except in the case of an emergency which, in the judgment of the chair, requires action more immediately than an emergency meeting of
the board. In such instances, the chair shall report to members of the board as soon as possible after the emergency and seek ratification of emergency actions at the next possible meeting.

6. The Executive Committee shall approve the annual operating budget for the board office, subject to the regular budget review and approval procedures of the facilities/finance committee and the board. The Executive Committee periodically shall review the budget and provide a yearend report to the board at the conclusion of the fiscal year.

The Executive Committee periodically shall review the budget and provide a yearend report to the board at the conclusion of the fiscal year.
3. Assure that policies and procedures are in place and being implemented to ensure that the board, and its individual members, operate with the highest ethical standards and integrity, including duties of care and loyalty. Act on unresolved issues of conflict of interest.
4. Recommend proposed board policies not within the purview of other standing committees.
5. Research and identify best practices for boards with an educational mission and recommends particular practices to the board.
6. Design and oversee the orientation process for new trustees so that new trustees may be fully prepared for decision making. Design and implement training for current board members as appropriate.
7. Plan for trustee succession by identifying to the governor desired qualities of a trustee and identifying potential candidates.
8. Encourage committee chairs to review committee charters annually for accuracy with input from committee members. Any revisions must be reviewed and approved by the Executive Committee. The Executive Committee will review all committee charters a minimum of every 3 years.
9. Review periodically the governance processes, including board organization and structure, frequency of meeting and attendance and make any necessary recommendations to the board in accordance with the Two-Read Policy.
10. Perform a board self-evaluation at least annually.
