Chapter 2 – Students

Board Policy 2.9 Academic Standing and Financial Aid Satisfactory Academic Progress

Part 1. Introduction
Measurement of student satisfactory academic progress toward achievement of an academic award is an important activity in higher education. Measurement provides feedback to students and ensures responsible action by colleges and universities regarding effective use of state resources.

Student academic progress must also be monitored to ensure effective and responsible management of federal and state student financial aid. Students within the Minnesota State Colleges and Universities are often enrolled in more than one institution and they frequently transfer. Therefore, college and university financial aid satisfactory academic progress policies should be as uniform as possible, consistent with individual college and university missions.

Part 2. Academic Standing Policy
Each college and university shall develop a policy requiring students to maintain good academic standing and describing the academic performance standards students must meet to maintain good academic standing. This policy must apply to all students, whether receiving financial aid or not. Each college and university shall ensure that their Financial Aid Satisfactory Academic Progress Policy and Academic Standing Policy have the same grade point average requirement and percentage of completion requirement. College and university policies may provide for reinstatement to enroll in classes following academic suspension under conditions different from those required for financial aid reinstatement. Other aspects of the Academic Standing Policy and the Financial Aid Satisfactory Academic Policy including maximum timeframe, recognition of academic amnesty, and other elements, may vary, provided-that the Financial Aid Satisfactory Academic Policy must be as strict as, or stricter than, the Academic Standing Policy.

Part 3. Satisfactory Academic Progress Policy
Each college and university shall develop a satisfactory academic progress policy that applies to all students receiving federal or state financial aid and conforms to the requirements of System Procedure 2.9.1.

Part 4. Annual Review and Report to the Board
The chancellor shall annually review each college and university financial aid satisfactory academic progress policy and procedure to ensure continued compliance with System Procedure 2.9.1. Significant exceptions must be reported to the Board of Trustees.
