ASA Leadership Awards

Innovation in Global Education Award

Minnesota State faculty and staff are engaged in a range of practices to broaden the global competencies and perspectives of students. This award will recognize and share creative and high impact practices of faculty and staff that increase students' understanding of the growing interdependence of nations and peoples through cross-cultural and international experiences. Eligible activities include courses, projects, research, faculty and student exchanges, study abroad, internships, foreign language, service learning, and other services that advance extraordinary global understanding.

The following criteria will be used to evaluate nominations:

- Advance new and creative approaches that enhance student access and experiences through integration of technology, multiple programs or services, and/or other resources
- Address a demonstrable system and/or institution priority
- Encourage participation from diverse and/or multiple subgroups
- Demonstrate impact on students through assessment of global competencies or perspectives
- Collaboration with other institutions and organizations to enhance student support and impact
- Be adaptable to other institutions
