Instructors:

Please note: the Minnesota State MRTC Instructor Profile Form should be used for any Instructor Certification classes. Section A of this form should be re-submitted whenever any personal information in Section A changes or you may access your information and change online yourself.

The completion of this form confirms that you have successfully completed your Instructor Course (initial or renewal) per the AHA standards.

Members of the Minnesota State MRTC, will receive an American Heart Association, Instructor card and a packet of materials from the MRTC regarding resources (website/database/online ordering, etc.).

If you are not currently a member but would like to join our Multi-Regional Training Center, please see the “Joining the MRTC” page in this form, or call 651-201-1795 or x1796

Any missing information will delay the process of updating your instructor status and may lead to suspension of account

American Heart Association Emergency Cardiovascular Care Program Instructor Monitor Tool

Instructions: Training Center Faculty (TCF) or Regional Faculty (RF) should use this form to assess the competencies of instructor candidates and renewing instructors. For each competency, there are several indicators or behaviors that the instructor may exhibit to demonstrate competency.

To be used in conjunction with the Instructor/TCF Renewal Checklist.

Role of the RF/TCF Observer:

The role of the RF/TCF observer for this monitoring is to observe only. Debriefing or correcting the instructor during the course should be avoided. If critical components are not being completed, contact the TC Coordinator or Course Director outside the classroom setting immediately.

Evaluating the Critical Actions:

The following questions are critical actions required for a successful course. Each item is written to maximize the objectivity and minimize the subjectivity of the evaluator. For each item, mark one of the following:

- Yes** for items present or completed if there are no required changes for improvement. There may be recommendations for improvement and comments but no required changes.
- Yes with req.** (Yes with requirements) for items that were completed but *changes are required* for full compliance. Fill in the comment box with the required change and rationale.
- No** if the required action was not done or was done incorrectly.
- Not Observed** for items the observer did not witness during monitoring.
