Connecting Work & Learning: A Professional Development Project

What information or instruction are you looking for to help you to educate and advise Minnesota teens or adults as they prepare for the job market?

[This short survey](#) asks what professional learning you need for career pathway, Career and Technical Education, and other career and college readiness initiatives.

Survey is open through March 1, 2021

Skill Up Minnesota

Phase 1:
Launches March 15

Phase 2:
Late 2021

SKILL UP MINNESOTA WEBSITE PROJECT

Short-Term Training Resources for Job Seekers Affected by COVID Recession

Project Description

Web-based content promoting opportunities for underemployed and unemployed individuals to find short-term training through Minnesota State institutions that will improve their technical and employability skills, resulting in job prospects with increased earnings. The audience for Skill Up is Minnesotans whose employment is reduced or eliminated because of the COVID-19 pandemic shutdown, particularly those in hospitality and service industries.

Pilot/initial content for this web project to launch in March 2021. Phase II expansions could launch later in 2021.
