Year-end tax form time is approaching quickly! Please carefully read the following important information regarding calendar year 2022 Student Payroll Wage Reporting and the collection of withholding tax forms for 2023. These instructions will be posted on the Student Payroll page as "Year End Student Payroll Processes" at:

<http://www.minnstate.edu/system/finance/taxinformation/studentpayroll/index.html>

As of 12/28/2022, all calendar year 2022 pay periods up to and including pay period end date 12/20/2022 will be closed.

Final payroll for PPE 12/20/2022 and any additional prior pay period pay must be processed before 12/28/2022:

All corrections to calendar year 2022 pay days must be completed before 12/28/2022.

2022 pay periods (pay period end date 12/20/2022 and earlier) will be closed 12/28/2022.

Campuses will need to process a CY 2022 pay by 12/28/2022 if there were unpaid hours from pay period end date 12/20/2022 or from an earlier pay period.

IMPORTANT: The pays must be scheduled to be *direct deposited into the student employee's bank account on or before Friday 12/30/2022* and physical paychecks must be *dated by and made available to the student on or before Friday 12/30/2022.*

After 12/28/2022 any unpaid calendar year 2022 hours will have to be added to the first pay of 2023 (PPE 1/3/2023, Pay Day 1/13/2023).

REMINDER: 2022 W2 REPORTING

2022 Student Payroll wages will be reported to the IRS and state tax authorities on 1/25/2023. Any corrections to 2022 wages after that date will require creating and filing 2022 W-2C Corrected Wage and Tax Statements. We plan on reviewing changes to 2022 W-2 wage reporting and creating 2022 W-2C forms at the end of February 2023. Thereafter we will review changes to 2022 W2 & 1042S wage reporting at the end of each calendar quarter.

STUDENT PAYROLL YEAR END CLEAN UP - GENERAL NOTES:

* If you have any calendar year 2022 Social Security and Medicare tax refunds that need to be completed, do so *before* processing payroll for PPE 12/20/2022 (last pay of the calendar year). **As of 12/28/2022, all calendar year 2022 pay periods up to and including pay period end date 12/20/2022 will be closed. You will not be able to open a CY 2022 pay period after the end of the day 12/28/2022.**

Pay Day 12/30/2022 (pay period 2023/13, PPE 12/20/2022) **must be** processed before 12/28/2022 and direct deposits or physical pay checks must be received by the student on 12/30/2022.

* Run the PR1001CP report (Student Payroll Assurance Report) for the calendar year and if there are any discrepancies that appear on this report, please contact Campus Assistance. To run this report for calendar year 2022, in the "From PPE Date" field, input 12/21/2021 and in the "To PPE Date" field, input 12/20/2022.

* If you have any student addresses that need to be entered or updated, please make sure to complete these address changes by the end of the day on 12/30/2022.

Note: The student's International Address is used on the 1042-S forms that report student worker wages exempt from taxation under a tax treaty but will be mailed to their best valid U.S. address, if one is available.

UNDER PAYMENTS 2022

For 2022 Student Payroll wage reporting purposes, **you must complete any Calendar Year 2022 Pay Period adjustments before 12/28/2022**. In order to accurately report year end employment tax liability, calendar year 2022 wages not processed before 12/28 must be paid in calendar year 2023. The ACH file for these pays must be created and sent to the bank on or before 12/28/2022 and the student employee's must receive their pay in their bank account or in person on or before 12/30/2022.

OVER PAYMENTS 2022

For those students still working: Subtract the overpaid hours from the student employee's pay before final processing of pay period end date (PPE) 12/20/2022 or the overpayment will be included in the student employee's 2022 W-2 wages. If there are too many overpaid hours to subtract from 2022 pay, the student will need to repay the funds **by 12/27/2022**. Student workers who were overpaid in 2022 and who are or will be paying back the overpaid funds must remit overpaid amounts and the campus must contact Ann in Tax Services **by 12/27/2022**.

Contact Ann in Tax Services to find out the dollar amount to collect from overpaid student employees. Have the following information available:

- * Student Name
- * Student Tech Id
- * Hourly Wage
- * Pay Period End Date(s) in which the overpayment occurred.
- * # of hours overpaid or, if lump sum, the dollar amount of the over payment.

Notes: If the student was overpaid in more than one pay period, list the # of hours or amount over paid for each pay period end date.

Partial pay period reversals are not an option for student employees who are on e-Time. If dealing with a partial pay period error, Tax will need to reverse the student worker's full pay and the campus will need to reprocess the pay correctly. **Be sure contact Tax well before PPE 12/20/2022 to allow enough time for reversal and reprocessing.**

Canceling Paychecks

Paychecks issued in error in 2022 must be canceled by 12/27/2022 or the wages will be included on the student employee's 2022 W-2 wage reporting.

Reminder: do not cancel or void an uncashed paycheck! You may only cancel paychecks that were issued in error. For outstanding student payroll checks that a student employee has failed to cash, you must follow Minnesota's unclaimed property rules and procedures.

MWR Minnesota Reciprocity Exemption

Audit Process (PR0121UG), MWR Verification: ISRS Student Payroll audit process checks for current calendar year MWR records. An informational message will be given until the PPE that includes the date of 02/28/2023. After this date, the employee's federal filing status and state tax allowances will stay the same, but the tax state will change to MN.

Minnesota has reciprocity with North Dakota and Michigan only. Student employees who are residents of North Dakota or Michigan and wish to remain exempt from Minnesota withholding tax must claim reciprocity for 2023 by submitting a 2023 form MWR – Reciprocity Exemption/Affidavit of Residency before the end of February 2023. The original MWR must be sent to the Minnesota Department of Revenue within 30 days of receiving the form. Keep a copy in the student employee's payroll file. Update the MWR year on the student's employee record on screen PR0021UG.

Minnesota Revenue has not yet posted the 2023 MWR Reciprocity form. Please download the form from the MN Revenue website at:

<https://www.revenue.state.mn.us/reciprocity-income-tax-fact-sheet-4>

NOTE: Employees claiming reciprocity for Michigan, must also complete the Michigan W-4 (MI-W4) to claim Michigan withholding allowances or exemption. The MI-W4 can be found at:

IRS Form W-4 Employee's Withholding Certificate & W-4MN Minnesota Employee Withholding Allowance/Exemption Certificate

Note: The 2023 W-4 forms have not yet been posted by the IRS and MN Revenue. Tax will send an email to Student Payroll Contacts & the Acting Listserv when the 2023 W-4's are available.

Audit Process (PR0121UG), Exempt W-4 Verification: ISRS Student Payroll audit process checks for employee W-4 records with exempt status and looks for a new calendar year W-4 record. An informational message will be given until the pay period end date that includes the date of 02/15/2023. After that date, if no new W-4 is on file, the employee's tax status will default to Federal Single filing status and to State Single, 0.

All student employees should have a W-4 on file but only those students who want to change their withholding, those that are claiming 8233 tax treaty benefits, and those that are claiming exemption need to fill out new forms.

Claiming Exemption from Withholding Tax

Nonresident alien student workers who are claiming exemption from withholding tax under an 8233 tax treaty benefit must complete a new set of NRA W-4 forms each year, one for federal withholding

and one for Minnesota withholding. Contact Ann in Tax for more information on nonresident alien taxation.

Student employees who wish to claim exemption from federal income tax withholding and those that wish to change their withholding for 2023 **must** submit a 2023 federal W-4. The IRS will post the 2023 W-4 at <http://www.irs.gov/pub/irs-pdf/fw4.pdf>.

Student employees claiming exemption from Federal withholding who wish to be exempt from Minnesota withholding must submit a 2023 form W-4MN, which can be downloaded at: <https://www.revenue.state.mn.us/form-w-4mn>

Processing the W-4 Forms

The IRS previously made significant changes to the W-4 Employee's Withholding Certificate to align with the 2017 tax reform law. Tax created a PowerPoint presentation about the new W-4 form & the changes made to the ISRS Student Employee Setup screen (PR0021UG) to accommodate the new form. To view the PowerPoint, please go to the Tax Training page on our website at: <https://www.minnstate.edu/system/finance/taxinformation/training/index.html>

For information on when the W-4MN must be sent to MN Revenue, please visit Minnesota Revenue's W-4MN webpage at: <https://www.revenue.state.mn.us/form-w-4mn> or our Tax website at: https://www.minnstate.edu/system/finance/taxinformation/studentpayroll/minnesota_w-4mn.html

Future W-4 records may be added for employees on the student employee set up screen, PR0021UG. **Note:** If an employee has no current W-4 on file, enter the default withholding rates – for federal that is filing status Single and for MN state withholding, Single with 0 withholding allowances.

Form 8233 Errors

The IRS has become increasingly particular about how form 8233 is completed. Reading the document "Top Six 8233 Errors" on the [Tax Services 8233 web page](#) will help you avoid some common errors that can result in the IRS returning the form 8233 and rejecting your employee's treaty benefit claim.

FICA Taxation and Enrollment

Audit Process (PR0121UG), FICA/Medicare Requirements: This ISRS Student Payroll audit process determines the employee's Social Security/Medicare (FICA) tax status on the *Student Employee Setup* screen (PR0021UG). An employee is FICA tax exempt if he/she meets the minimum requirements for registered credits defined on the *FICA and Medicare Tax Schedule Screen* (PR0013UG).

Note: A student employee who is a nonresident alien for tax purposes will be exempt from FICA taxation until they reach their tax residency year.

Reminder: Run the FICA/Medicare audit before processing the first pay of Spring term so that you capture the latest enrollment data for your student employees.

GO ELECTRONIC!

Students may sign up to receive their student employee W-2 Wage and Tax Statements electronically rather than by U.S. mail. Tax encourages campuses to reach out to student employees in whatever methods are available to encourage the student employees to consent to electronic delivery.

To sign up, the student simply accesses their Student e-Services account and clicks on the Action Item announcing electronic tax forms or goes to the My Profile link in the upper right hand corner of their dashboard page and clicks on the link to their Opt In/Opt Out agreements.

Students that signed up for electronic delivery during a previous tax year will automatically receive their 2022 W-2 electronically.

The electronic forms will be posted in January prior to printing the paper W-2 forms.

Please encourage your student workers that request reprints of their W-2 forms to sign up for electronic tax forms.

Please contact Ann Page in Tax Services if you have questions – ann.page@minnstate.edu

Thank you all for your time & help!
