Overview

As of June 2, 2018, Minnesota State D2L Brightspace environments were be migrated to D2L’s cloud hosting services, and moved onto D2L’s continuous delivery (CD) model. On D2L’s CD model, we receive monthly updates for our D2L Brightspace Production environment.

D2L Brightspace upgrade release notes are available as Knowledge Articles at our D2L Knowledge site (view the how to login instructions):

- **January to December 2019**: Upgrade to 10.8.9 to 20.19.12
- **September to December 2018**: Upgrade to 10.8.5 to 10.8.8
- **June to August 2018**: Major features in versions 10.8.1 to 10.8.4

After each upgrade, users will see these new features in D2L Brightspace.

- Starred (*) items are new features that all users will experience.
- Remaining items are features that will be available to faculty only.

Upgrade to December version 20.19.12 (effective December 19, 2019)

View the [D2L Brightspace December version 20.19.12 release notes](#).

Assignments

- Students will see the file size information in the assignment submission receipt email
- Students will see the assignment submission ID in the new Submission ID column when viewing feedback for an assignment

Brightspace Learning Environment*

- Starting January 1, 2020, D2L Brightspace will no longer support Internet Explorer.
• When accessing Brightspace with any version of Internet Explorer, you will see an unsupported browser page and will not be able to proceed.

Content
• Teachers can sort HTML templates in alphanumeric order by name using Content Settings

Grades
• Grades are now fully synchronized in Assignments and Discussion tools when imported into the gradebook via the existing Import option
  Note: This feature completes the existing grade synchronization functionality that was available with the September 20.19.09 release.

Release Conditions*
• When release conditions are satisfied, students are notified via a minibar update that new content items are available

Upgrade to November version 20.19.11 (effective November 21, 2019)
View the D2L Brightspace November version 20.19.11 release notes.

Assignments
• In the new Assignment list view, teachers will now see a count of new submissions and resubmissions in the New column.
• Teachers can now associate a Selectbox grade item to an assignment, allowing you to evaluate assignment submissions with a letter grade scheme.

Intelligent Agents
• Teachers can now add an image to an Intelligent Agent email using the Insert Image button.

Quick Eval
• Teachers will now see a saved as draft icon (Submissions view) and the Publish All option for quiz submissions (Activities view).

Quizzes*
• Students will now be able to see a link to their quiz attempt feedback from the Quiz List.
• Teachers will now see Publish and Save Draft buttons (rather than Graded and Save) when evaluating a student’s quiz attempt. Additionally, teachers can bulk publish or bulk retract quiz attempt scores using the Publish Feedback and Retract Feedback buttons from the Grade Quiz screen.

SCORM
• Teachers will now see an updated process when adding SCORM objects within Content.
Upgrade to October version 20.19.10 (effective October 17, 2019)
View the D2L Brightspace October version 20.19.10 release notes.

Assignments / Content / Discussions / Grades / Quizzes / Surveys

- Teachers will now see several consistency updates when creating or editing course materials in Assignments, Content, Discussions, Grades, Quizzes, and Surveys. For a more consistent user experience, there have been changes to language, buttons/screen location, and overall workflow for: hiding from users, activity icons and tool-specific icons, alt-text titles, restriction tab content, and more standardized terminology.

Assignments / Quizzes

- Teachers will now see an updated immersive navigation bar (next and previous student navigation) when evaluating students in Assignments and Quizzes.

Brightspace Pulse*

- The latest version of Brightspace Pulse is supported on Apple devices with iOS 11 or higher. Additionally, Brightspace Pulse is now available in Dutch.

Links / Quicklinks*

- Teachers and students will be able to insert a quicklink to other valid URLs, including: http/https, mailto, and relative paths beginning with the forward slash / character.

Upgrade to September version 20.19.09 (effective September 19, 2019)
View the D2L Brightspace September version 20.19.09 release notes.

Assignments / Grades

- When a teacher saves a grade or feedback for a learner in the gradebook, the corresponding grade/feedback is transferred to the learner’s assignment in the Assignments tool, and the learner’s assignment feedback is automatically published in the Assignments tool.

- Teachers can now set their preferred settings for the Pen, Note, Text, and Line annotations when evaluating assignment submissions.

  Note: The 'Eraser' annotation does not maintain a preferred user setting. The default eraser line width is 13 pt.

Discussions / Grades

- When a teacher saves a grade or feedback for a learner in the gradebook, the corresponding grade/feedback is transferred to the learner’s post in the Discussions tool, and the learner’s discussion feedback is automatically published in the Discussions tool.
Quick Eval

- Teachers can now use the new Activities view in Quick Eval to view pending learner evaluations organized by activities within courses.

Release Conditions

- Teachers can use the new ‘completed content topic’ release condition to conditionally release course material when a learner completes content topic (such as viewing a file or submitting an assignment from content).

Upgrade to August version 20.19.08 (effective August 15, 2019)

View the D2L Brightspace August version 20.19.08 release notes.

Assignments

- When viewing Assignments, students now see the Assignments List view by default; there is no longer an opt-out option.
- Teachers can now use the built-in spell checker for Note and Text annotations when evaluating assignment submissions.

Email*

- When composing email messages, students and teachers can select Insert Image to add pictures from their computer or a URL. Images display inline and/or are attached to the sent email.

Notifications*

- Students and teachers can now sign up for Weekly summary email notifications.
- Custom notifications for past and inactive courses have been removed, in addition to SMS instant notifications for content.

Quizzes

- When adding/editing questions in a quiz, teachers can opt in to the new Quiz Builder Experience with redesigned workflow to add, edit, reorder, delete, and move questions and sections.
- Teachers can now restore deleted attempts within a quiz using the Quiz Attempt log.

Upgrade to July version 20.19.07 (effective July 18, 2019)

View the D2L Brightspace July version 20.19.07 release notes.

Accessibility*

- You may notice the system Font Size increased to a “Medium” size. You can change your personal Font Size preference from the Account Settings tool.
Assignments

- Teachers can now add, modify, delete, and sort categories from the Edit Categories screen.
- Teachers can now use the Eraser tool to erase ink annotations when evaluating assignment submissions.

Content

- Teachers may see a different view when adding an External Learning Tool link from the Add Activity window.

Rubrics

- Teachers may see the updated Rubrics grading experience when assessing course activities (see updated features).

Surveys*

- When taking a Survey, the Submit Survey button is now blue and displays first (on the left-hand side).

Upgrade to June version 20.19.06 (effective June 20, 2019)

View the D2L Brightspace June version 20.19.06 release notes.

Assignments

- Teachers and students may have the option to opt-in to the new Assignments List view. (Note: At any time, you may opt-out of the new Assignments list view and leave feedback that is sent directly to D2L developers.)

Chat

- The Chat tool now reflects when a user’s first name or last name is updated upon entering a chat. (Note: Chat history is static and will contain whatever the user’s name was at the time of entering that chat.)

Class/User Progress

- The Class/User Progress tool has several changes to ensure consistent tracking of Content progress across D2L Brightspace.

Quick Eval

- Teachers will now see a draft icon for discussion posts that have feedback in draft status (similar to assignments that have feedback in draft status).
Quizzes

- Arithmetic and Significant Figures quiz questions now round up from .5 by default.
  (Note: Past quiz attempt scores are not affected by this change.)

Upgrade to May version 20.19.05 (effective May 16, 2019)
View the D2L Brightspace May version 20.19.05 release notes.

Assignments

- Teachers can view annotated assignments in full screen
- Teachers can rotate documents using the built-in annotated tools

Binder

- The Binder app is no longer supported by D2L as of May 31, 2019. Binder will no longer work with Brightspace, and it will be removed from the Apple App Store and Google Play app store.

Quick Eval

- Teachers can view a list of unevaluated learner submissions in their courses using the new Quick Eval tool (accessible from the My Home page navbar).

Upgrade to April version 20.19.04 (effective April 18, 2019)
View the D2L Brightspace April version 20.19.04 release notes.

Assignments

- Students can subscribe to receive email notifications when their teacher has released or updated feedback for an assignment

Rubrics

- Teachers can now insert quicklinks directly to published rubrics (visible to students) to make them easily accessible to students

Quizzes

- Teachers can preview the new Quiz builder experience in their campus QA environment.
  (Note: Please contact your campus site admin or campus trainer for further assistance.)

Upgrade to March version 10.8.11 (effective March 21, 2019)
View the D2L Brightspace March version 10.8.11 release notes.
Assignments
- Faculty can annotate a file submission inline when evaluating a student’s assignment
- Students can submit .cs file types as assignment submissions

Quizzes
- By default, when quizzes are imported or copied into a course, they are inactive (i.e. hidden from the student’s view)

Rubrics
- When scoring a rubric in the updated rubric grading experience, faculty can view how many criteria have been scored from the rubric icon
- When scoring a rubric in the updated rubric grading experience, faculty can override criteria scores before selecting a level

Upgrade to February version 10.8.10 (effective February 21, 2019)
View the D2L Brightspace February version 10.8.10 release notes.

Assignment Grader app
- Faculty will no longer see an option to log into EduDentity in the Assignment Grader app
  (Note: Faculty can continue to log into the app using their D2L Brightspace credentials.)

Assignments
- Faculty can view the assignment name and course name on the Evaluate Submissions screen when evaluating a student’s assignment

Integration – TurnItIn*
- Faculty can enable e-rater Grammar checker for TurnItIn assignments to allow students to view Grammar feedback
  (Note: This feature is only applicable to individual campuses who have the TurnItIn integration with D2L Brightspace.)

Upgrade to January version 10.8.9 (effective January 17, 2019)
View the D2L Brightspace January version 10.8.9 release notes.

Assignment Grader
- Faculty can evaluate 'On Paper' and 'Observed in person' submission types in the Assignment Grader app
Assignments*
• Faculty and Students may opt in to the improved Assignments List view
  (Note: This feature may not be immediately available at your campus site with this version upgrade.)

HTML Editor*
• Students will see descriptive error messages for quicklinks to unavailable activities

Intelligent Agents
• Faculty can export an Intelligent Agent run history to a CSV file

Rubrics
• Faculty can use the single-page workflow when creating or editing a rubric in the new Rubric creation experience
