The parties recognize CentraCare has the sole discretion and right to change Exhibit 2 based on CentraCare policy, industry changes or as patient care needs dictate. CentraCare will give as much written notice as reasonably practical given the situation necessitating the change.
  - e. School will inform students that as a condition of participation in the clinical experience program at CentraCare, students will be required to arrange for and submit to Urine Drug **and** Alcohol Testing (within the three months prior to the student's initial Educational Experience at CentraCare).
