Job Summary

Telework is available and negotiated at the time of hire.

This position provides team leadership to the Reporting and Analytics team in the system office – ITS division. The Reporting and Analytics team manages the Minnesota State system-wide Reporting and Data Services Platform (the Reporting and Analytics Platform) which provides data warehousing, data integration, operational reporting, system-wide dashboards, and business intelligence services. This position is responsible for project coordination and reporting, facilitation of governance and project prioritization with business partners, technical leadership on the Reporting and Analytics Platform, leadership on Reporting and Analytics team business requirements, work processes, and standards, as well as technical design and development of Reporting and Analytics team work products, and overall quality of the team’s platform and work products.
Specific Duties Include:

- Along with other senior team members lead, and participate in the Reporting and Analytics team's analysis, design, development, enhancement, and support of the numerous work products within the Reporting and Analytics Platform.

- Lead the Reporting and Analytics team's adoption of and conformance to standards of requirements collection, technical specifications, technical development, documentation, change management, quality, and support of the Reporting and Analytics Platform.

- Governance facilitation and project coordination: Assist the Reporting and Analytics team manager in the team’s governance process with business partners, facilitate the planning of Reporting and Analytics team projects, coordinate Reporting and Analytics team project activities, and report on the status of Reporting and Analytics team projects to the Reporting and Analytics team manager, ITS Leadership, and Reporting and Analytics team business partners.

Minimum Qualifications

Resume must reflect all minimum qualifications. Please enter your experience in chronological order, including the month and year of employment.

- Five years’ experience designing and implementing data warehousing systems substantially similar to the Reporting and Analytics Platform in a senior analytical and development role, including:
  - Demonstrable project coordination and leadership responsibilities,
  - Demonstrable experience collecting business requirements and translating those requirements into technical specifications.
  - Demonstrable experience developing, documenting, deploying, and supporting systems substantially similar to the Reporting and Analytics Platform.
  - A Bachelor’s degree in information systems or related area, or an equivalent combination of education and experience.
  - Demonstrable strong leadership and mentoring skills.
  - Demonstrable strong communication and presentation skills (written and verbal).
  - Demonstrable ability to develop effective working relationships with both technical staff and business partners.

- Minnesota State is unable to sponsor applicants for work visas. All applicants must be legally authorized to work in the US.
Preferred Qualifications

- Project management training and/or certification.
- Experience working within higher education on reporting and business intelligence systems.
- Experience with Microsoft’s platform of reporting and business intelligence tools (SSRS, SSAS, PowerBI Desktop, Power BI cloud).

Additional Requirements

The successful candidate must submit to a background investigation prior to employment.

The background check may consist of the following components:

- SEMA4 Records Check (applies to current and past employees only)
- Criminal History Check
- Employment Reference Check
- Social Security and Address Verification
- Education Verification

In accordance with the Minnesota State Colleges & Universities (Minnesota State) Vehicle Fleet Safety Program, employees driving on college/university business who use a rental or state vehicle shall be required to conform to Minnesota State’s Vehicle use criteria and consent to Motor Vehicle Records check.

Other Information:

Employment information for this position can be found in its collective bargaining agreement or its plan document at https://www.minnstate.edu/system/working/relations.html
