Job Summary

Telework availability and options will be negotiated at time of hire.

This position leads the hands-on functional and technical project activities for the Student Workday implementation of the academic foundations, student data, student engagement functional area, including testing and roll-out support. The incumbent will be serving as the subject matter expert for the development and review of the project deliverables and the configuration and testing of business processes in Workday as well as the design and policy decisions specific to the academic foundations, student data, student engagement functional area. The incumbent is responsible for assisting stakeholders in identifying and suggesting process improvements, providing user support in complex problem analysis and resolution, and partnering with the report writer to design and develop reports. The position serves as a bridge between campus, system office, and end users. The incumbent will provide leadership to ensure Workday Student academic foundations, student data, student engagement

functionality is implemented resulting in the best overall outcome for all colleges and universities in the Minnesota State system.

Minimum Qualifications

Resume must reflect all minimum qualifications. Please enter your experience in chronological order, including the month and year of employment.

- Three (3) years of experience performing or directing a college or university's registrars, academic scheduling, student data or academic operations department using Minnesota State enterprise and third-party systems, such as ISRS.
- Extensive knowledge of Department of Education and State of MN regulations and statutes regarding academic foundations, student data, student engagement and related processes, and procedures for Minnesota State Colleges and Universities.
- Experience gathering, analyzing, and documenting business requirements as well as the ability to organize ideas; conceptualize problems; collect, analyze, categorize, and interpret relevant and irrelevant data using a variety of techniques and methodologies for resolving complex issues and providing written documentation.
- Strong interpersonal, written, and oral communication, facilitation, and presentation skills, and the ability to communicate with a diverse set of clients, stakeholders and students, fostering a diverse working and learning environment.
- Demonstrated ability to establish and maintain effective relationships and partnerships with key stakeholders
- Experience working both independently and in a collaborative team environment
- Demonstrated competency in Microsoft applications, especially Excel, Word and PowerPoint.

Preferred Qualifications

- Demonstrated anti-racist outcomes in project coordination, specifically removing barriers that impact minoritized communities or achieving culturally relevant results
- Experience developing test plans and scripts.
- Demonstrated ability to lead a project team to complete assigned tasks, monitor and evaluate progress.
- Demonstrated collaborative decision-making ability.
- Goal focused and results driven, including driving project related risks, issues and concerns to closure
- Ability to effectively interact, negotiate and influence staff at various levels of the organization.
- Proven organizational skills sufficient to ensure on-time project deliverables.

Additional Requirements

The successful candidate must submit to a background investigation prior to employment.

The background check may consist of the following components:

- SEMA4 Records Check (applies to current and past employees only)
- Employment Reference Check

- Social Security and Address Verification
- Education Verification

In accordance with the Minnesota State Colleges & Universities (Minnesota State) Vehicle Fleet Safety Program, employees driving on college/university business who use a rental or state vehicle shall be required to conform to Minnesota State's Vehicle use criteria and consent to Motor Vehicle Records check.
