INTRODUCTION

Effective August 1, 2022: NCAA constitution, Article 2(D)(1)(c) states that all members of the NCAA must submit annually its financial data as determined by the division detailing operating revenues, expenses and capital relating to the intercollegiate athletics program.

Division I:
As mandated under the provisions of NCAA Bylaw 3.2.4.17, NCAA Division I member institutions are required to submit financial data detailing operating revenues, expenses, and capital related to its intercollegiate athletics program to the NCAA on an annual basis. This financial data is subject to agreed-upon procedures performed by a qualified independent accountant and must be presented to the president or chancellor prior to submission to the NCAA via the Membership Financial Reporting System.

Division II:
As mandated under the provisions of NCAA Constitution 6.2.3 (Financial Report), at least once every three years, NCAA Division II member institutions are required to perform an expenses and revenues review related to its intercollegiate athletics programs which is subject to the agreed-upon procedures. The expenses and revenues review shall be performed by a qualified independent accountant and must be presented to the president or chancellor.

In addition, per the new NCAA Constitution Article 2(D)(1)(c), institutions are required to submit financial data annually to the NCAA via the Membership Financial Reporting System. The data collected will be stored within the Institutional Performance Program (IPP) for comparison and reporting purposes.

Division III:
Division III members are provided with two methods in which to meet the constitutional requirement.

1. Division III institutions can submit financial data annually to the NCAA via the Membership Financial Reporting System for Institutional Performance Program (IPP) purposes. Per the regular financial audit requirements, revenue and expenditures associated with outside groups or individuals shall be included in this audit.

2. Division III institutions can submit the EADA Certificate of Completion to the NCAA via the Membership Financial Reporting System.
BACKGROUND INFORMATION

1. NCAA LEGISLATION

The NCAA agreed-upon procedure reporting legislation for each of the three membership divisions are contained in each division’s manual:

a. **Division I**

   Bylaw 3.2.4.17. “An institution shall submit financial data detailing operating revenues, expenses and capital related to its intercollegiate athletics program to the NCAA on an annual basis in accordance with the financial reporting policies and procedures. The required data shall include, but is not limited to, the following:

   (a) All expenses and revenues for or on behalf of an institution's intercollegiate athletics program, including those by any affiliated or outside organization, agency or group of individuals;

   (b) Salary and benefits data for all athletics positions. The data shall include base salary, bonuses, endorsements, media fees, camp or clinic income, deferred income and other income contractually guaranteed by the institution;

   (c) Capital expenditures (to be reported in aggregate for athletics facilities), including capitalized additions and deletions to facilities during the reporting period, total estimated book value of athletically related plant and equipment net of depreciation, total annual debt service on athletics and university facilities and total debt outstanding on athletics and university facilities;

   (d) Value of endowments at fiscal year-end that are dedicated to the sole support of athletics;

   (e) Value of all pledges at fiscal year-end that support athletics; and

   (f) The athletics department fiscal year-end fund balance.”

Bylaw 3.2.4.17.1. “The report shall be subject to annual agreed-on verification procedures approved by the membership (in addition to any regular financial reporting policies and procedures of the institution) and conducted by a qualified independent accountant who is not a staff member of the institution and who is selected by the institution's chancellor or president or by an institutional administrator from outside the athletics department designated by the chancellor or president. The independent accountant shall verify the accuracy and completeness of the data prior to submission to the institution's chancellor or president and the NCAA. The institution's chancellor or president shall certify the financial report prior to submission to the NCAA."
b. **Division II**

   Bylaw 6.2.3.1. “At least once every three years, all expenses and revenues for or on behalf of a Division II member institution's intercollegiate athletics programs, including those by any affiliated or outside organization, agency or group of individuals (two or more), shall be subject to agreed-on procedures approved by the Division II membership (in addition to any regular financial reporting policies and procedures of the institution) conducted for the institution by a qualified independent accountant who is not a staff member of the institution and who is selected either by the institution's president or chancellor or by an institutional administrator from outside the athletics department designated by the president or chancellor. If, within the last three years, the institution has conducted an overall institutional audit that includes a financial audit of all athletics department funds using the agreed upon procedures, then the institution is not required to perform a separate financial audit of all athletics department expenditures. An institution is not required to use the agreed upon procedures in years outside the once in every three-year cycle.”

   Bylaw 6.2.3.1.1. “The report created pursuant to the approved procedures shall be completed and presented to the president or chancellor on or before January 15 after the end of the institution's fiscal year.”

c. **Division III**

   Bylaw 6.2.3. “All expenditures and revenue for or on behalf of a Division III member institution's intercollegiate athletics programs shall be subject to the institution's regular financial audit. In particular, additional revenue and expenditures associated with outside groups or individuals shall be included in this audit.”

2. **INTERPRETATIONS**

   a. **Objectives of Agreed-Upon Procedures**

      The institution’s agreed-upon procedures report shall be presented to the president or chancellor by the independent accountant. The report’s primary purpose is to ensure that the president or chancellor is made aware of all financial activity (both internal and external) for athletics purposes and to assist the institution in exercising control over financial activity made by or on behalf of the intercollegiate athletics program. The report should not be filed with the NCAA national office. However, should information supplied as a result of this initiative raise questions or prompt concerns about the proper application of NCAA legislation, an institution’s president or chancellor may wish to contact the NCAA administrative services staff for assistance.

      The report’s secondary purpose is to ensure the accuracy of the data the institution is submitting for sports sponsorship, Pell grants and grants-in-aid, which determines the calculation of several Division I NCAA Revenue Distributions.

      The agreed-upon procedures scope of work shall include the reporting of revenue and expenses required in NCAA financial reporting information. The definitions used in the agreed-upon procedures provide a consistent means of reporting intercollegiate athletics finances and will provide the presidents or chancellors and
other campus decision makers of our member institutions with empirical data to assist them in making their formal decisions.

Data available for the agreed-upon procedures may vary among institutions as a result of differences in athletics programs’ organizational structure, financial resources and accounting and budgetary methods. Information that may prove particularly useful (depending on circumstances noted above) to institutions in evaluating the level of institutional control includes:

(1) A comparison of actual revenues and expenses related to the intercollegiate athletics program as defined on pages 17-26 (from both internal and external sources) to amounts budgeted;

(2) The nature of institutional internal controls that affect operations of the intercollegiate athletics program, and

(3) The relationship of expenses for or on behalf of intercollegiate athletics by affiliated and outside organizations (e.g., booster groups, alumni organizations, independent or affiliated foundations, supporting organizations) to institutional expenses for similar purposes and the nature of internal controls in place to monitor the financial activities of such affiliated and outside organizations.

1. Affiliated Organization: An organization that, directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with an organization (in this case the institution and/or intercollegiate athletics).

2. Supporting Organization: An organization that provides supporting activities, such as management and general activities, fundraising activities or membership development activities, to a not-for-profit organization (in this case a not-for-profit institution and/or intercollegiate athletics).

The financial information, the existence and appropriateness of the institution’s internal controls are the responsibility of the institution. Independent accountants, through the application of agreed-upon procedures, should not provide an opinion or assurance on the reliability of financial information generated by the institution, the existence and functioning of appropriate internal controls. The agreed-upon procedures report presents the findings of the agreed-upon procedures performed by the independent accountant. An understanding of this distinction in role and responsibility is crucial to the president or chancellor’s effective use of the information provided as part of the agreed-upon procedures performed.

The NCAA has developed the agreed-upon procedures set forth in this document with the assistance of the National Association of College and University Business
Officers (NACUBO) and Association of College and University Auditors (ACUA). These procedures seek to provide flexibility in complying with the provision of Bylaw 3.2.4.17. At a minimum, the institution’s president or chancellor should seek information considered consistent with the legislation’s purpose and the requirements of professional auditing literature, recognizing reasonable cost and benefit considerations.

An institution’s president or chancellor also may request additional information from the institution’s athletics department, affiliates and outside groups, as well as the performance of additional agreed-upon procedures in agreement with the independent accountants. Each institution’s president or chancellor should consider carefully what approach best serves the institution’s needs in evaluating institutional control. The president or chancellor may include a formal assessment of internal controls over intercollegiate athletics programs financial processes.

The independent accountants will not review or include in their reports information concerning the institution’s compliance with NCAA legislation. Responsibility for assuring compliance with NCAA legislation is the ultimate responsibility of the institution’s president or chancellor, and the information provided as part of the agreed-upon procedures report is intended to assist president or chancellors in their efforts to assure institutional compliance.

While the detection of improper application of NCAA legislation is not the primary function of these procedures, the independent accountants should be alert nonetheless for situations or transactions that may indicate the existence of such conditions. If, during the course of executing the procedures, the independent accountant becomes aware of acts that may indicate a violation of NCAA legislation, the independent accountant shall immediately report the violation to the institution’s president or chancellor.

b. **Organization of Intercollegiate Athletics Programs**
Intercollegiate athletics programs vary significantly in scope and complexity among institutions. Financial reporting procedures and controls also vary. For example, some institutions clearly have segregated intercollegiate athletics from other institutional athletics programs and physical education while at other institutions, these activities are integrated with the institution’s administrative structure and accounting records.

Likewise, the extent to which institutions receive cash or in-kind contributions from affiliated and outside organizations and the method by which such contributions from affiliated and outside organizations are included in the institution’s athletics department’s financial statements vary considerably. Institutional accounting practices also differ in areas such as indirect facilities and administrative support, grants-in-aid costs and student-activity fees. Institutions and their independent accountants should be aware of these differences among programs and recognize that NCAA legislation does not mandate particular
For purposes of these procedures, as applicable, the independent accountant (or, in Division III, the institution’s accountant) shall include certain financial information of the following organizations, agencies and groups within the agreed-upon procedures:

1. Booster organizations established by or on behalf of an intercollegiate athletics program. For the purposes of this legislation, a booster group may be defined as any organization that has as its principal, or one of their principal purposes, the generating of moneys, goods or services for or on behalf of an intercollegiate athletics program, or the promotion of said program through other means;

2. Independent or affiliated foundations or other organizations that have as a principal, or one of their principal purposes, the generating or maintaining of grants-in-aid or scholarship funds, gifts, endowments, or other moneys, goods or services to be used primarily by the intercollegiate athletics program, and

3. Alumni organizations that have as a principal, or one of their principal purposes, the generating of moneys, goods or services for or on behalf of an intercollegiate athletics program and that contribute moneys, goods or services directly to an intercollegiate athletics program, booster group, or independent or affiliated foundation as previously noted.

c. The Independent Accountant
In Divisions I and II, the agreed-upon procedures report is required to be conducted by an independent accountant who is not an institutional staff member. This requirement is not intended to question the ability or integrity of institutional accountants or auditors, but rather to emphasize that this is a separate procedure for specific NCAA compliance purposes and to further protect the institution from inferences that the agreed-upon procedures were not objective. In Division III, an independent accountant is not required.

For the purposes of this legislation in Divisions I and II, an individual employed by the state (or by a state university system) to perform audits for that state’s colleges and universities (or for the colleges and universities within a state university system) is considered to be an independent accountant, provided the individual is not a regular employee of the institution. The procedures undertaken by state auditors in the performance of their duties should meet the minimum standards set forth in these agreed-upon procedures applicable to the revenues and expenses of all independent booster or support organizations. If state auditors are unable to perform those procedures, the president or chancellor is required to engage an independent accountant to satisfy these procedures. The approach required by the independent accountant to satisfy these procedures will depend
on the scope of the state auditors work and the ability and willingness of the independent accountant to rely on the work performed by the state auditors.

Work performed by internal auditors at Division I and II institutions, even though their responsibility includes an annual financial audit for the entire institution (including intercollegiate athletics and institution-controlled affiliated or outside organizations), would not meet the requirements of this legislation. Internal auditors may prepare schedules and accumulate data or provide other information for the practitioner’s use in performing the agreed-upon procedures. Accordingly, independent accountants may use work performed by internal auditors. However, it would be inappropriate for the independent accountant to agree to merely read the internal auditors’ report solely to describe or repeat the findings, take responsibility for all or a portion of any procedures performed by the internal auditors by reporting those findings as the practitioner’s own, or report in any manner that implies shared responsibility for the procedures with the internal auditors.
AGREED-UPON PROCEDURES

Depending on the institution’s existing level of agreed-upon procedures and the organizational structure of the institution’s intercollegiate athletics programs and related affiliated or outside organizations, there are several approaches that the independent accountant may use to comply with the agreed-upon procedure requirements for Division I and II institutions. [Note: In Division III, the completion of the institution’s regular financial audit shall satisfy the requirements of Bylaw 3.2.4.17, provided that all revenues and expenses for or on behalf of the institution’s intercollegiate athletics programs are subject to the annual institutional audit, including additional revenues and expenses associated with affiliated and outside groups or individuals.]

Work performed by an independent auditor as part of a Division I or II institution-wide financial audit would comply with the terms of this legislation if the work performed by the independent auditor relative to the institution’s department of intercollegiate athletics conforms to the requirements set forth in the section entitled “Minimum Agreed-Upon Procedures.” In using this approach, the independent auditor shall also conduct certain minimum agreed-upon procedures related to the revenues and expenses of affiliated and outside organizations that are not under the accounting control of the institution. See the “Minimum Agreed-Upon Procedures for Affiliated and Outside Organizations” section for details. Affiliated and outside organizations (e.g., booster clubs, affiliated foundations and alumni groups) are considered to be under the accounting control of the institution when all activities of the organization (including revenues and expenses) are recorded on the books and records of the institution and are subject to the internal control structure. Alternatively, where an institution-wide agreed-upon procedure has been performed, the president or chancellor may elect to comply with these agreed-upon procedures by engaging the independent auditor to perform separate agreed-upon procedures as discussed in the next paragraph.

In the event that an institution-wide independent audit has not been conducted, or the athletics department functions as a separate legal or accounting entity (e.g., a separately incorporated athletics foundation), a Division I or II institution would comply with the terms of this legislation by engaging an independent accountant to perform these agreed-upon procedures on the statement. To the extent that activities of affiliated and outside organizations are under the accounting control of the institution, those revenues and expenses shall be included in the statement that the independent accountant applies these agreed-upon procedures against. Otherwise, activities of affiliated and outside organizations shall be subject to minimum agreed-upon procedures as set forth in the section entitled “Minimum Agreed-Upon Procedures for Affiliated and Outside Organizations.”
This section describes the minimum level of procedures considered to be necessary to achieve the objectives of this legislation.

1. **Athletics Department Statement of Revenues and Expenses**
   To provide adequate information for the independent accountant to execute these agreed-upon procedures, the institution must prepare the statement. The statement reports the revenues and expenses of the intercollegiate athletics programs as recorded on the general ledger of the institution. Please note that expenses on behalf of an institution’s athletics programs by affiliated and outside organizations not under the accounting control of the institution shall be included in the statement and subject to the agreed-upon procedures set forth in the section entitled “Minimum Agreed-Upon Procedures for Affiliated and Outside Organizations.”

   Factors that influence the classification of revenues, expenses and major programs in the statement include:
   a. The internal account structure of the reporting institution’s intercollegiate athletics program;
   b. The institution’s usual treatment of indirect facilities and administrative support related to athletics, and
   c. The degree to which institutional funds or state appropriations are earmarked or budgeted by the institution for athletics and generally considered to be a part of the department’s operating revenue. More detailed discussion of revenue and expenditure classifications is set forth separately in Appendices A thru C.

   The institution shall prepare the statement using the basic accounting and revenue recognition principles set forth in the American Institute of Certified Public Accountants (AICPA) Audit and Accounting Guide entitled “Not-for-Profit Organizations” (the “NFP Audit Guide”) and in the NACUBO publication entitled “College and University Business Administration.” Please note that the statement presents an excess (deficiency) of revenues over (under) expenses but does not present any fund or net asset balances. In addition, changes in loan, endowment or plant funds related to intercollegiate athletics shall not be included in the statement. Significant additions to restricted funds related to intercollegiate athletics, as well as significant changes to endowment and plant funds, shall be disclosed separately in the notes to the statement.

   After the institution has prepared the statement, the independent accountant shall meet with the institution’s president or chancellor (or his or her designees) to identify areas of significant interest and specific agreed-upon procedures related to both internal controls and other specified areas.

2. **Minimum Compliance Agreed-Upon Procedures**
   The institution, through discussions with the independent accountant, shall identify aspects of the institution’s internal control structure unique to the intercollegiate athletics department. Consideration should be given to departmental organization, control consciousness of staff, use of internal auditors in the department, competency of personnel, adequate safeguarding and control of records and assets, controls over
interaction with the information technology department, and other relevant matters.

The president or chancellor may include a formal assessment of internal controls over intercollegiate athletics programs financial processes. The independent accountant may test the internal control procedures unique to intercollegiate athletics and internal control procedures for the athletics department. In those situations where the institution’s independent accountant performed tests of controls in connection with the audit of the institution’s financial statements, the independent accountant may expand the scope of these tests of controls to specifically include transactions from the intercollegiate athletics department.

Regardless of the situation, the independent accountant shall test specific elements of the control environment and accounting systems that are (1) are unique to intercollegiate athletics and (2) have not been addressed in connection with the audit of the institution’s financial statements (e.g., the system of accounting for revenues from ticket sales).

Finally, the independent accountant shall perform agreed-upon procedures related to the institution’s procedures for gathering information on the nature and extent of affiliated and outside organization activity for or on behalf of the institution’s intercollegiate athletics program. The institution must provide the independent accountant with the institution’s procedures for gathering information on the nature and extent of affiliated and outside organization activity for or on behalf of the institution’s intercollegiate athletics program. The independent accountants will then test those procedures. After completing these procedures, independent accountants shall report their findings to the president or chancellor in a format similar to that outlined in Appendix E.

3. Minimum Agreed-Upon Procedures

To identify unusual items, the NCAA has developed minimum agreed-upon procedures for independent accountants to use regarding the accuracy of revenues and expenses of intercollegiate athletics programs. For a complete listing of the minimum agreed-upon procedures, see the sections entitled “Minimum Agreed-Upon Procedures Program for Revenues” and the “Minimum Agreed-Upon Procedures Program for Expenses” in Appendix D to be performed by the independent accountant to comply with this legislation.

The minimum agreed-upon procedures are intended to indicate the nature of the procedures to be performed on the institution’s financial systems and records. The institution and their independent accountants should conform to such procedures as appropriate for the institution’s systems and records, as well as to professional practice and reporting standards.

Upon approval of the institution, the minimum agreed-upon procedures performed may be tailored by the independent accountant based upon the specific areas of significance to the institution. The institution should keep the objective of the minimum agreed-upon procedures in mind when determining the sufficiency of the procedures to be performed.
The institution’s president or chancellor may engage the independent accountant to perform supplemental agreed-upon procedures. The independent accountant shall document the scope of the supplemental agreed-upon procedures requested by the president or chancellor in an engagement letter signed in advance by the institution’s president or chancellor. The institution, together with the independent accountant, shall determine the extent of the supplemental agreed-upon procedures to be performed.

a. Institutional Representations
   In an engagement to apply agreed-upon procedures to certain financial and other information of the institution, the independent accountant shall obtain written representations from the institution’s management. These representations may be tailored to cover specific assertions and matters unique to the intercollegiate athletics department (e.g., completeness of the schedule of intercollegiate athletics activities, institutional compliance with NCAA legislation and a listing of all known affiliated and outside organizations reported to the independent accountant).

b. Report on Agreed-Upon Procedures
   i. Application of Agreed-Upon Procedures
      The independent accountants’ report on agreed-upon procedures applied to the institution should be in the form of procedures and findings. Among other things, the report should have a title that includes the word “independent” and identify the specified parties, the subject matter, and the procedures performed (and findings). See Appendix E for a listing of the required elements for a report on agreed-upon procedures. Examples of reports concerning agreed-upon procedures applied to institution’s statement and affiliated and outside organizations’ records are included as Appendix E.

   ii. Presentation of the Statement of Revenues and Expenses
      The basis of presentation of the statement will vary among institutions. As a result, the institution’s statement may be presented in conformity with accounting principles generally accepted in the United States of America (GAAP) or with a comprehensive basis of accounting other than GAAP.

   iii. Notes and Disclosures
      (a) Each individual contribution of moneys, goods or services received directly by an intercollegiate athletics program from any affiliated or outside supporting organization, agency or individuals (e.g., contributions by corporate sponsors) that constitutes 10 percent or more of all contributions received for intercollegiate athletics during the reporting period shall be disclosed in the notes to the statement of athletics department revenues and expenses (the “statement”) and included in the agreed-upon procedures report. Disclosure of the source of funds, goods and services, as well as the value associated
these items, shall also be made within the notes to the statement. In addition, as part of the minimum agreed-upon procedures, the independent accountant shall obtain and review documentation for each such contribution.

(b) A description of the institution’s policies and procedures for acquiring, approving, depreciating, and disposing of intercollegiate athletics-related assets, shall be included in the notes to the statement.

c) The independent accountant shall also obtain repayment schedules for all outstanding intercollegiate athletics debt maintained by the institution during the reporting period. At a minimum, the independent accountant shall recalculate annual maturities (consisting of principal and interest) provided in the schedules obtained. The independent accountant shall then agree the total annual maturities to documentation and the institution’s general ledger, as applicable. The repayment schedule(s) shall be included in the notes to the statement.
MINIMUM AGREED-UPON PROCEDURES FOR AFFILIATED AND OUTSIDE ORGANIZATIONS

Following are minimum agreed-upon procedures that independent accountants and institutions shall use in applying agreed-upon procedures related to expenses for or on behalf of intercollegiate athletics programs by affiliated and outside organizations not under the institution’s accounting control. The results of these procedures may be reported and included within the agreed-upon procedures report on the institution. See Appendix E.

1. The institution shall identify all intercollegiate athletics-related affiliated and outside organizations and obtain those organizations’ statements for the reporting period. Once the institution has made these statements available, the independent accountant shall agree the amounts reported in the statement to the organization’s general ledger or, alternatively, confirm revenues and expenses directly with a responsible official of the organization. In addition, the institution shall prepare a summary of revenues and expenses for or on behalf of intercollegiate athletics programs affiliated and outside organizations to be included with the agreed-upon procedures report.

2. The independent accountant shall obtain and review the audited financial statements of the organization and any additional reports regarding internal control matters if the organization is audited independent of the agreed-upon procedures required by NCAA legislation. The institution’s independent accountant shall also inquire of institutional and organizational management as to corrective action taken in response to comments concerning internal control structure (if any).

The institution may tailor these procedures based upon the areas of significance to the institution. The institution should keep the objective of the agreed-upon procedures in mind when determining the sufficiency of the procedures to be performed.

a. Supplemental Procedures for Affiliated and Outside Organizations

(1) Compare and agree a sample of operating revenue categories reported in the organization’s statement during the reporting period to supporting schedules provided by the organization;

(2) Compare and agree a sample of operating revenue receipts obtained from the above operating revenue schedule to adequate supporting documentation;

(3) Compare and agree each operating expense category reported in the organization’s statement during the reporting period to supporting schedules provided by the organization;

(4) Compare and agree a sample of operating expenses obtained from the above operating expense supporting schedules to adequate supporting documentation;
(5) Directly confirm cash balances recorded at the end of the reporting period by the organization and review the related year-end bank reconciliation(s);

(6) Obtain and inspect minutes of the organizations’ governing bodies during the reporting period;

(7) Select a sample of financial transactions discussed in the minutes and compare and agree each selection to the organizations’ accounting records, as applicable, and

(8) Obtain documentation of the internal controls in place surrounding revenues and expenses related to the organization.
APPENDIX A | 2022 Revised Revenue Categories

Sources of revenue for the athletics program will vary among institutions; however, typical sources of intercollegiate athletics revenues are outlined (each followed by a comprehensive definition) below (* denotes new or updated content for 2022):

| 1  | Ticket Sales* | Input revenue received for sales of admissions to athletic events. This may include:  
- Public and faculty sales.  
- Student sales.  
- Shipping and Handling fees.  
- Registration fees.  

Please report amounts paid in excess of ticket’s face value to obtain preferential seating or priority in Category 8 (Contributions). |
| 2  | Direct State or Other Government Support | Input state, municipal, federal and other appropriations made in support of athletics.  
This amount includes funding specifically earmarked for the athletics department by government agencies for which the institution cannot reallocate.  
This amount also includes state funded employee benefits. Corresponding expenses should be reported in Categories 22 and 24.  
Any state or other government support appropriated to the university, for which the university determines the dollar allocation to the athletics department shall be reported in Direct Institutional Support (Category 4). |
| 3  | Student Fees | Input student fees assessed and restricted for support of intercollegiate athletics. |
| 4  | Direct Institutional Support | Input direct funds provided by the institution to athletics for the operations of intercollegiate athletics including:  
- Unrestricted funds allocated to the athletics department by the university (e.g. state funds, tuition, tuition discounts/waivers, transfers).  
- Federal work study support for student workers employed by athletics.  
- Endowment unrestricted income, spending policy distributions and other investment income distributed to athletics in the reporting year to support athletic operations. Athletics restricted endowment income for athletics should be reported in Category 17. |

  - Amounts received from individuals, corporations, associations, foundations, clubs, or other organizations used for the operations of the athletics program.  
  - Funds contributed by outside contributors for the payment of debt service, lease payments or rental fee expenses for athletic facilities in the reporting year.  
  - Amounts received above face value for tickets used within the reporting year.  
  Contributions shall include cash and marketable securities.  
  Do not report:  
  - Pledges until funds are provided to athletics for use.  
  - Contributions to be used in future reporting years.

| 9  | In-Kind  | Input market value of in-kind contributions in the reporting year including:  
  • Dealer-provided automobiles.  
  • Equipment.  
  • Services.  
  • Nutritional product.  

All in-kind contributions that are made as a result of a licensing or sponsorship agreement should be reported in Category 15.

Please offset in-kind values in the appropriate expense category. |
| 10 | Compensation and Benefits provided by a third party | Input all benefits provided by a third party and contractually guaranteed by the institution, but not included on the institution’s W-2. These may include:  
  • Car stipend.  
  • Country club membership.  
  • Allowances for clothing, housing, and entertainment.  
  • Speaking fees.  
  • Camps compensation.  
  • Media income.  
  • Shoe and apparel income.  

The total of this category should equal expense Categories 23 and 25 combined. |
| 11 | Media Rights | Input all revenue received for radio, television, internet, digital and e-commerce rights, including the portion of conference distributions related to media rights – if applicable.  
Consult with your conference offices if you do not have the media rights distribution amount available. |
| 12 | NCAA Distributions | Input revenues received from the NCAA which could include revenue distributions, grants, NCAA championships travel reimbursements and payments received from the NCAA for hosting a championship.  
In some cases, NCAA distributions may be provided by the conference office. Consult with the conference office for the amount received to include in this category. |
| 13 | Conference Distributions (Non Media and Non Football Bowl) | Input all revenues received by conference distribution, excluding portions of distribution relating to media rights (reported in Category 11) or NCAA distributions (reported in Category 12).  
Note: Conference distributions of revenue generated by a post-season football bowl to conference members should be recorded in Category 13A. Distributions for reimbursement of post-season football bowl expenses should be included in Category 19. |

| 13A | Conference Distributions of Football Bowl Generated Revenue | Input conference distributions of revenue generated by a post-season football bowl to conference members. (Football Only)  
Note: Distributions for reimbursement of post-season football bowl expenses should be included in Category 19. Portions of the distribution related to media rights are reported in Category 11, NCAA distributions are reported in Category 12 and all other conference distributions are reported in Category 13. |
| 14 | Program, Novelty, Parking and Concession Sales | Input revenues from:  
- Game Programs.  
- Novelties.  
- Food and Concessions.  
- Parking.  
Advertising should be included in Category 15. |
| 15 | Royalties, Licensing, Advertisement and Sponsorships | Input revenues from:  
- Sponsorships.  
- Licensing Agreements.  
- Advertisement.  
- Royalties.  
- In-kind products and services as part of sponsorship agreement.  
An allocation may be necessary to distinguish revenues generated by athletics versus the university if payments are combined. |
| 16 | Sports Camp Revenues | Input amounts received by the athletics department for sports camps and clinics. |
| 17 | Athletics Restricted Endowment and Investments Income | Please report spending policy distributions from athletics restricted endowments and investment income used for athletics operations in the reporting year.  
This category only includes restricted investment and endowment income used for the operations of intercollegiate athletics; institutional allocations of income from unrestricted endowments qualify as “Direct Institutional Support” and should be reported in Category 4.  
Note: Please make sure amounts reported are only up to the amount of expenses covered by the endowment for the reporting year. |
| 18 | Other Operating Revenue | Input any operating revenues received by athletics in the report year which cannot be classified into one of the stated categories.  
If the figure is greater than 10% of total revenues, please report the top three activities included in this category in the comments section. |

Note: Division I Grants-in-aid equivalencies are calculated by using the revenue distribution equivalencies by sport and in aggregate. (Athletic grant amount divided by the full grant amount). Other expenses related to attendance (also known as cost of attendance) should not be included in the grants-in-aid revenue distribution equivalencies. Only tuition, fees, room, board and course related books are countable for grants-in-aid revenue distribution per Bylaw 20.02.7. Athletics aid awarded to non-athletes (student- managers, graduate assistants, trainers) should be reported as Expenses Not Related to Specific Teams. It is permissible to report only dollars in the Expenses Not Related to Specific Teams row as long as you have reported non-zero entries for Equivalencies, Number of Students, and Dollars (all 3 required for at least one sport). Note: Pell grants are provided by the government, not the institution or athletics department, and therefore should be excluded from reporting in this category. Note: This information can be managed within the NCAA’s Compliance Assistance (CA) software. The equivalencies entered into CA will automatically populate to the athletic student aid section within the NCAA Financial Reporting System when the CA import feature is selected.</td>

Amounts incurred for food and lodging for housing the team before a home game also should be included. Use of the institution’s own vehicles or airplanes as well as in-kind value of donor-provided transportation.  

Note: Expenses related to post-season football bowls should be included in Category 41. |
| 29 | Sports Equipment, Uniforms and Supplies                                  | Input items that are provided to the teams only. Equipment amounts are those expended from current or operating funds. Include value of in-kind equipment provided.

APPENDIX D | Minimum NCAA Agreed-Upon Procedures for Revenue, Expenses and Other Reporting Items

MINIMUM AGREED-UPON PROCEDURES PROGRAM FOR REVENUES
Following is a complete listing of the minimum agreed-upon procedures for revenues, by category, to be performed to the statement by the independent accountant.

Before the commencement of fieldwork, the independent accountant should ensure that the amounts reported on the statement agree to the institution's general ledger. For all revenue categories perform the minimum agreed-upon procedures set forth below.

- Compare and agree each operating revenue category reported in the statement during the reporting period to supporting schedules provided by the institution. If a specific reporting category is less than 4.0% of the total revenues, no procedures are required for that specific category.

- Compare and agree a sample of operating revenue receipts obtained from the above operating revenue supporting schedules to adequate supporting documentation.

- Compare each major revenue account over 10% of the total revenues to prior period amounts and budget estimates. Obtain and document an explanation of any variations greater than 10%. Report the analysis as a supplement to the final Agreed-Upon procedures report.

Ticket Sales

1. Compare tickets sold during the reporting period, complimentary tickets provided during the reporting period and unsold tickets to the related revenue reported by the Institution in the statement and the related attendance figures and recalculate totals.

Student Fees

2. Compare and agree student fees reported by the institution in the statement for the reporting to student enrollments during the same reporting period and recalculate totals.

3. Obtain documentation of institution’s methodology for allocating student fees to intercollegiate athletics programs.

4. If the athletics department is reporting that an allocation of student fees should be countable as generated revenue, recalculate the totals of their methodology for supporting that they are able to count each sport. Tie the calculation to supporting documents such as seat manifests, ticket sales reports and student fee totals.

Direct State or Other Governmental Support

5. Compare direct state or other governmental support recorded by the institution during the
reporting period with state appropriations, institutional authorizations and/or other corroborative supporting documentation and recalculate totals.

**Direct Institutional Support**

6. Compare the direct institutional support recorded by the institution during the reporting period with the institutional supporting budget transfers documentation and other corroborative supporting documentation and recalculate totals.

**Transfers Back to Institution**

7. Compare the transfers back to institution with permanent transfers back to institution from the athletics department and recalculate totals.

**Indirect Institutional Support**

8. Compare the indirect institutional support recorded by the institution during the reporting period with expense payments, cost allocation detail and other corroborative supporting documentation and recalculate totals.

**Guarantees**

9. Select a sample of settlement reports for away games during the reporting period and agree each selection to the institution's general ledger and/or the statement and recalculate totals.

10. Select a sample of contractual agreements pertaining to revenues derived from guaranteed contests during the reporting period and compare and agree each selection to the institution's general ledger and/or the statement and recalculate totals.

**Contributions**

11. Any contributions of moneys, goods or services received directly by an intercollegiate athletics program from any affiliated or outside organization, agency or group of individuals (two or more) not included above (e.g., contributions by corporate sponsors) that constitutes 10 percent or more in aggregate for the reporting year of all contributions received for intercollegiate athletics during the reporting periods shall obtain and review supporting documentation for each contribution and recalculate totals.

**In-Kind**

12. Compare the in-kind recorded by the institution during the reporting period with a schedule of in-kind donations and recalculate totals.

**Compensation and Benefits Provided by a Third-Party**

13. Obtain the summary of revenues from affiliated and outside organizations (the "Summary")
as of the end of the reporting period from the institution and select a sample of funds from the Summary and compare and agree each selection to supporting documentation, the institution's general ledger and/or the Summary and recalculate totals.

**Media Rights**

14. Obtain and inspect agreements to understand the institution's total media (broadcast, television, radio) rights received by the institution or through their conference offices as reported in the statement.

15. Compare and agree the media right revenues to a summary statement of all media rights identified, if applicable, and the institution's general ledger and recalculate totals. Ledger totals may be different for total conference distributions if media rights are not broken out separately.

**NCAA Distributions**

16. Compare the amounts recorded in the revenue and expense reporting to general ledger detail for NCAA distributions and other corroborative supporting documents and recalculate totals.

**Conference Distributions and Conference Distributions of Football Bowl Generated Revenue**

17. Obtain and inspect agreements related to the institution's conference distributions and participation in revenues from tournaments during the reporting period for relevant terms and conditions.

18. Compare and agree the related revenues to the institution's general ledger, and/or the statement and recalculate totals.

**Program Sales, Concessions, Novelty Sales and Parking**

19. Compare the amount recorded in the revenue reporting category to a general ledger detail of program sales, concessions, novelty sales and parking as well as any other corroborative supporting documents and recalculate totals.

**Royalties, Licensing, Advertisements and Sponsorships**

20. Obtain and inspect agreements related to the institution's participation in revenues from royalties, licensing, advertisements and sponsorships during the reporting period for relevant terms and conditions.
21. Compare and agree the related revenues to the institution's general ledger, and/or the statement and recalculate totals.

**Sports Camp Revenues**

22. Inspect sports camp contract(s) between the institution and person(s) conducting institutional sports-camps or clinics during the reporting period to obtain documentation of the institution's methodology for recording revenues from sports-camps.

23. Obtain schedules of camp participants and select a sample of individual camp participant cash receipts from the schedule of sports-camp participants and agree each selection to the institution's general ledger, and/or the statement and recalculate totals.

**Athletics Restricted Endowment and Investment Income**

24. Obtain and inspect endowment agreements (if any) for relevant terms and conditions.

25. Compare and agree the classification and use of endowment and investment income reported in the statement during the reporting period to the uses of income defined within the related endowment agreement and recalculate totals.

**Other**

26. Perform minimum agreed-upon procedures referenced for all revenue categories and recalculate totals.

**Football Bowl Revenues**

27. Obtain and inspect agreements related to the institution's revenues from post-season football bowl participation during the reporting period to gain an understanding of the relevant terms and conditions.

28. Compare and agree the related revenues to the institution's general ledger, and/or the statement and recalculate totals.
MINIMUM AGREED-UPON PROCEDURES PROGRAM FOR EXPENSES

Following is a complete listing of the minimum agreed-upon procedures for expenses, by category, to be performed to the statement by the independent accountant. Before the commencement of fieldwork, the independent accountant should ensure that the amounts reported on the statement agree to the institution's general ledger.

- Compare and agree each expense category reported in the statement during the reporting period to supporting schedules provided by the institution. If a specific reporting category is less than 4.0% of the total expenses, no procedures are required for that specific category.

- Compare and agree a sample of expenses obtained from the above operating expense supporting schedules to adequate supporting documentation.

- Compare each major expense account over 10% of the total expenses to prior period amounts and budget estimates. Obtain and document an explanation of any variations greater than 10%. Report the analysis as a supplement to the final Agreed-Upon procedures report.

Athletic Student Aid

29. Select a sample of students (10% of the total student-athletes for institutions who have used NCAA's Compliance Assistant (CA) software to prepare athletic aid detail, with a maximum sample size of 40, and 20% of total student-athletes for institutions who have not, with a maximum sample size of 60) from the listing of institutional student aid recipients during the reporting period. Data should be captured by the institution through the creation of a squad/eligibility list for each sponsored sport.

Note: The Division I revenue distribution equivalencies (athletic grant amount divided by the full grant amount) should only include tuition, fees, room, board and required course-related books, per Bylaw 20.02.7. Cost of Attendance or Other Expenses Related to Attendance are not countable for revenue distribution purposes. To access revenue distribution equivalencies within Compliance Assistant (CA), go to Reports > Standard Reports > Calculation of Revenue Distribution Equivalencies Report (CRDE).

30. Obtain individual student account detail for each selection and compare total aid in the institution’s student system to the student's detail in CA or the institution report that ties directly to the NCAA Membership Financial Reporting System.

31. Division I Institutions Only: Perform a check of each student selected to ensure their information was reported accurately in either the NCAA's CA software or entered directly into the NCAA Membership Financial Reporting System using the following criteria:

- The equivalency value for each student-athlete in all sports, including head count sports, needs to be converted to a full-time equivalency value. The full-time equivalency value is calculated using the athletic grant amount reported on the Calculation of Revenue Distribution Equivalencies Report (CRDE) from CA as
the numerator and the full grant amount which is the total cost for tuition, fees, required course-related books, room and board for an academic year as the denominator. If using the NCAA CA software, this equivalency value will be calculated for you on the CRDE report labeled "Revenue Distribution Equivalent Award".

- Grants-in-aid is calculated by using the revenue distribution equivalencies by sport and in aggregate. (Athletic grant amount divided by the full grant amount).

- Other expenses related to attendance (also known as cost of attendance) should not be included in grants-in-aid revenue distribution equivalencies. Only tuition, fees, room, board, and course-related books are countable for grants-in-aid revenue distribution per Bylaw 20.02.7). Note: for compliance purposes equivalencies may include other expenses related to attendance per Bylaw 15.02.2, however these expenses are not allowed to be included for revenue distribution equivalencies.

- Full grant amount should be entered as a full year of tuition, not a semester or quarter.

- Student-athletes are to be counted once, regardless of multiple sport participation, and should not receive a revenue distribution equivalency greater than 1.00.

- Athletics grants are valid for revenue distribution purposes only in sports in which the NCAA conducts championships competition, emerging sports for women and football bowl subdivision football.

- Grants-in-aid are valid for revenue distribution purposes in NCAA sports that do not meet the minimum contests and participants’ requirements of Bylaw 20.9.6.3.

- Institutions providing grants to student-athletes listed on the CRDE as “Exhausted Eligibility (fifth-year)” or “Medical” receive credit in the grants-in-aid component.

- The athletics aid equivalency cannot exceed maximum equivalency limits. However, the total revenue distribution equivalency can exceed maximum equivalency limits due to exhausted eligibility and medical equivalencies (reference Bylaw 15.5.3.1).

- If a sport is discontinued and the athletic grant(s) are still being honored by the institution, the grant(s) are included in student-athlete aid for revenue distribution purposes.

- All equivalency calculations should be rounded to two decimal places.

- If a selected student received a Pell Grant, ensure the value of the grant is not
included in the calculation of equivalencies or the total dollar amount of student athletic aid expense for the institution.

- If a selected student received a Pell Grant, ensure the student’s grant was included in the total number and total dollar value of Pell Grants reported for Revenue Distribution purposes in the NCAA Membership Financial Reporting System.

**ADDITIONAL MINIMUM AGREED-UPON PROCEDURES**
In order for the NCAA to place reliance on the Division I financial reporting to calculate the Division I NCAA revenue distributions, which is a financial benefit to the institution, the following procedure are required:

1. **Grants-in-Aid:**
   a. Compare and agree the sports sponsored reported in the NCAA Membership Financial Reporting System to the Calculation of Revenue Distribution Equivalencies Report (CRDE) from Compliance Assistant (CA) or other report that supports the equivalency calculations from the institution. The NCAA Membership Financial Reporting System populates the sports from the NCAA Sports Sponsorship and Demographics Form as they are reported by the institution between May and August. If there is a discrepancy in the sports sponsored between the NCAA Membership Financial Reporting System and the CRDE or other report that supports the equivalency calculations, inquire about the discrepancy and report the justification in the AUP report.

   b. Compare current year Grants-in-Aid revenue distribution equivalencies to prior year reported equivalencies per the Membership Financial Report submission. Inquire and document an explanation for any variance great than +/- 4%.

2. **Sports Sponsorship:**
   a. Obtain the institution’s Sports Sponsorship and Demographics Form submitted to the NCAA for the reporting year between May and August. Validate that the countable NCAA sports reported by the institution met the minimum requirements, set forth in Bylaw 20.9.6.3, related to the number of contests and the number of participants. If the institution requested and/or received a waiver related to minimum contests or minimum participants for a sport, that sport would not qualify as a sponsored sport for the purposes of revenue distribution. Also, only sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football are eligible. Once countable sports have been validated, ensure that the institution has properly reported these sports as countable for revenue distribution purposes within the NCAA Membership Financial Reporting System. Note: Any discrepancies MUST be resolved within the NCAA Membership Financial Reporting System prior to the report being submitted to the NCAA.

   b. Compare current year number of Sports Sponsored to prior year reported total per the Membership Financial Report submission. Inquire and document an explanation for any variance.

*Note for 2020-21 reporting only: Sports an institution expected to sponsor in academic year 2020-21, as reported on the institution’s 2020 Sports Sponsorship and Demographics form, would qualify as a sponsored sport for the purposes of revenue distribution. This exception is consistent with the intent of the Division I Council Coordination Committee’s decision on March 25, 2020 to grant an extraordinary blanket waiver in light of the impact of the COVID-19 global pandemic.*
3. Pell Grants:
   a. Agree the total number of Division I student-athletes who, during the academic year, received a Pell Grant award (e.g. Pell Grant recipients on Full Athletic Aid, Pell Grant recipients on Partial Athletic Aid and Pell Grant recipients with no Athletic Aid) and the total dollar amount of these Pell Grants reported in the NCAA Membership Financial Reporting System to a report generated out of the institutions financial aid records of all student-athlete Pell Grants. Note 1: Only Pell Grants for sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football are countable. Note 2: Student-athletes should only be counted once even if the athlete participates in multiple sports. Note 3: Individual student-aid file testing in step 31 above should tie any selected student athletes who received Pell Grants back to the report of all student athlete Pell Grants to test the completeness and accuracy of the report.

   b. Compare current year Pell Grants total to prior year reported total per the Membership Financial Report submission. Inquire and document an explanation for any variance greater than +/- 20 grants.
REPORTING ITEMS

Following is a complete listing of the minimum agreed-upon procedures for other reporting items, by category, to be performed to the statement by the independent accountant. Before the commencement of fieldwork, the independent accountant should ensure that the amounts reported on the statement agree to the institution's general ledger.

Excess Transfers to Institution and Conference Realignment Expenses

67. Obtain general ledger detail and compare to the total expenses reported. Select a sample of transactions to validate existence of transaction and accuracy of recording and recalculate totals.

Total Athletics Related Debt

68. Obtain repayment schedules for all outstanding intercollegiate athletics debt during the reporting period. Recalculate annual maturities (consisting of principal and interest) provided in the schedules obtained.

69. Agree the total annual maturities and total outstanding athletic related to supporting documentation and the institution’s general ledger, as applicable.

Total Institutional Debt

70. Agree the total outstanding institutional debt to supporting documentation and the institution’s audited financial statements, if available, or the institution’s general ledger.

Value of Athletics Dedicated Endowments

71. Obtain a schedule of all athletics dedicated endowments maintained by athletics, the institution, and affiliated organizations. Agree the fair market value in the schedule(s) to supporting documentation, the general ledger(s) and audited financial statements, if available.

Value of Institutional Endowments

72. Agree the total fair market value of institutional endowments to supporting documentation, the institution’s general ledger and/or audited financial statements, if available.

Total Athletics Related Capital Expenditures

73. Obtain a schedule of athletics related capital expenditures made by athletics, the institution, and affiliated organizations during the reporting period.

74. Obtain general ledger detail and compare to the total expenses reported. Select a sample of transactions to validate existence of transaction and accuracy of recording and
recalculate totals.
APPENDIX E | Independent Accountant’s Report on Agreed-Upon Procedures

The independent accountant’s report on agreed-upon procedures should be in the form of procedures and findings. The report should contain the following elements:

1. A title that includes the word “independent”;
2. Identification of the specified parties;
3. Identification of the subject matter (or the written assertion related thereto), including the period and point in time addressed and a reference to the character of the engagement;
4. Identification of the responsible party;
5. A statement that the subject matter is the responsibility of the responsible party;
6. A statement that the procedures performed was those agreed to by the specified parties identified in the report;
7. For compliance-attestation engagements, a statement that the procedures, which were agreed to by the specified parties identified in the report, were performed to assist the specified parties in evaluating the entity’s compliance with specified requirements or the effectiveness of its internal control over compliance;
8. A statement that the agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants;
9. A statement that the sufficiency of the procedures is solely the responsibility of the specified parties and a disclaimer of responsibility for the sufficiency of those procedures;
10. A list of the procedures performed (or reference thereto) and related findings;
11. Where applicable, a description of any agreed-upon materiality limits;
12. A statement that the practitioner was not engaged to and did not conduct an examination of the subject matter, the objective of which would be the expression of an opinion, a disclaimer of opinion on the subject matter, and a statement that if the practitioner had performed additional procedures, other matters might have come to the practitioner’s attention that would have been reported;
13. A statement of restrictions on the use of the report because it is intended to be used solely by the specified parties;
14. Where applicable, reservations or restrictions concerning procedures or findings;
15. Where applicable, a description of the nature of the assistance provided by a specialist;

16. The manual or printed signature of the practitioner’s firm and

17. The date of the report.
APPENDIX F | Common Questions and Answers

Q: Can an internal auditor of one member institution conduct the required independent audit for another member institution in the same state system?

A: Yes, provided the individual is an independent certified auditor and is not a staff member of that institution.

Q: Can a member institution seek an extension of the deadline for completion of the annual agreed-upon procedures?

A: No. NCAA legislation does not contain a provision under which the deadline may be extended or waived.

Q: Are agreed-upon procedures performed by the internal audit division of a state system of higher education considered independent?

A: Yes, since individuals who perform the work are employees of the state system reporting to the system’s director of internal audits, provided the internal audit division performs the minimum agreed-upon procedures in a manner consistent with NCAA agreed-upon procedures for each institution.

Q: Are there specific sanctions for noncompliance of the agreed-upon procedures?

A: As a Division I member failure to complete the required agreed-upon procedures during the period allotted would constitute a violation of NCAA Bylaw 3.2.4.17. The institution would be subject to the Association’s enforcement procedures and would need to contact the NCAA enforcement staff to report the circumstances of the violation, as well as any procedures the institution may have implemented to prevent a recurrence.

Q: How does a Division II institution satisfy the agreed-upon procedures requirement if the institution sponsors a sport(s) at the Division I level?

A: The NCAA Interpretations Committee determined during its June 30, 1993, conference call that a Division II member institution that sponsors a Division I sport(s) shall not be subject to agreed-upon procedures (Based on Division II legislative action August 2004) for the Division I sport(s). This interpretation supersedes the previous legislative staff interpretation of January 15, 1992.
Q: Does an independent group or organization that does not constitute a booster organization by name only (e.g., alumni association, foundation) need to have its athletically related financial activities included in the institution’s financial audit (i.e., tested by the auditor and reported to the institutional auditor)?

A: Any agency or group of individuals (two or more) that has as its principal purpose the generation of moneys, goods or services for or on behalf of an intercollegiate athletics program should be included in the annual agreed-upon procedures.

Q: Once affiliated and outside organizations (e.g., independent groups, affiliated foundations), such as those that do not fall under the purview of direct institutional oversight, are identified, how is their financial data to be included in the agreed-upon procedures?

A: Either the organization’s statements of revenues and expenses should be procured or, if audited independently of the institution, agreed-upon procedures and any reports to management related to the internal control structure need to be obtained and reviewed. Also, a schedule of expenses by the affiliated and/or outside organization for or on behalf of the institution’s athletics program should be obtained and reconciled with the revenues recorded in the athletics program’s accounting records.

Q: What are the criteria used in compiling the total dollars generated for or on behalf of an athletics program?

A: An institution must disclose in a footnote to the statement of athletics department revenues and expenses contributions from any outside source (not included as an agency, organization or group as indicated in the NCAA agreed-upon procedures in the section entitled “organization of intercollegiate athletics programs”) that constitutes more than 10 percent of all contributions received (e.g., contributions by corporate sponsors). The source from which such funds are received also shall be disclosed in a footnote to the statement of revenues and expenses.

Q: For an institution with a fiscal year-end which would preclude a timely report, how can an exception be granted to report on the most recent fiscal year that is completed?

A: The institution should contact the NCAA Administrative Services group for guidance.
