12 SCOPE OF THE AGREEMENT

A133 PROJECT ATTACHMENT

ARTICLE 1 GENERAL PROVISIONS
§ 1.1 The Contract Documents
The Contract Documents consist of:
.1 this Agreement,
.2 AIA Document A201-2017 General Conditions of the Contract for Construction, as modified by the Owner,
.3 drawings, Specifications, Addenda issued prior to the execution of this Agreement and accepted in writing by
the Owner,
.4 other documents listed in this Agreement, and Modifications issued after execution of this Agreement and
accepted, in writing, by the Owner, and
.5 the terms and conditions contained in the Request for Proposal (RFP) for this Project, all addenda to the RFP,
and the Construction Manager’s proposal.

Upon the Owner’s acceptance of the Construction Manager’s Guaranteed Maximum Price proposal, the Contract
Documents will also include the documents described in Section 2.2.3 and identified in the Guaranteed Maximum
Price Amendment and revisions prepared by the Architect and furnished by the Owner as described in Section 2.2.8.
The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior
negotiations, representations or agreements, either written or oral. If anything in the other Contract Documents, other
than a Modification, is inconsistent with this Agreement, this Agreement shall govern.

§ 1.2 Relationship of the Parties
The Construction Manager accepts the relationship of trust and confidence established by this Agreement and
covenants with the Owner to cooperate with the Architect and exercise the Construction Manager’s skill and judgment
in furthering the interests of the Owner; to furnish efficient construction administration, management services and
supervision; to furnish at all times an adequate supply of workers and materials; and to perform the Work in an
expeditious and economical manner consistent with the Owner’s interests. The Owner agrees to furnish or approve
information required by the Construction Manager and to make payments to the Construction Manager in accordance
with the requirements of the Contract Documents.

WARNING: This AIA® Document is protected by U.S. Copyright Law and International Treaties. Unauthorized reproduction or distribution of this AIA®
Document, or any portion of it, may result in severe civil and criminal penalties, and will be prosecuted to the maximum extent possible under the law.
This document was produced by AIA software at 13:46:34 on 09/20/2018 under Order No.3655591692 which expires on 09/13/2019, and is not for resale.
User Notes:
§ 1.3 General Conditions

Wherever reference is made to "General Conditions", "A201-2007", "AIA Document A201-2007", "AIA Document A201-2017, or "AIA A201-2017", it shall mean "AIA Document A201-2017, as modified by the Owner". For the Preconstruction Phase, AIA Document A201™–2017, General Conditions of the Contract for Construction, shall apply only as specifically provided in this Agreement. For the Construction Phase, the general conditions of the contract shall be as set forth in A201–2017, which document is incorporated herein by reference.

The term "Contractor" as used in A201–2017 shall mean the Construction Manager.

ARTICLE 2 CONSTRUCTION MANAGER’S RESPONSIBILITIES

The Construction Manager’s Preconstruction Phase responsibilities are set forth in Sections 2.1 and 2.2. The Construction Manager’s Construction Phase responsibilities are set forth in Section 2.3. The Owner and Construction Manager may agree, in consultation with the Architect, for the Construction Phase to commence prior to completion of the Preconstruction Phase, in which case, both phases will proceed concurrently. The Construction Manager shall identify a representative authorized to act on behalf of the Construction Manager with respect to the Project.

§ 2.1 Preconstruction Phase

§ 2.1.1 The Construction Manager shall provide a preliminary evaluation of the Owner’s program, schedule and construction budget requirements, each in terms of the other, within 14 days of the execution date of this agreement.

§ 2.1.2 Consultation

The Construction Manager shall schedule and conduct meetings with the Architect and Owner to discuss such matters as procedures, progress, coordination, and scheduling of the Work. The Construction Manager shall advise the Owner and the Architect on proposed site use and improvements, selection of materials, and building systems and equipment. The Construction Manager shall also provide recommendations consistent with the Project requirements to the Owner and Architect on constructability; availability of materials and labor; time requirements for procurement, installation and construction; and factors related to construction cost including, but not limited to, costs of alternative designs or materials, preliminary budgets, life-cycle data, and possible cost reductions. Any recommended deviation from the Owner’s Facilities Design Standards by the Construction Manager must be approved, in writing, by the Owner.

§ 2.1.3 Preliminary Project Schedule

When Project requirements in Section 3.1.1 have been sufficiently identified, the Construction Manager shall prepare and periodically update a Project critical path schedule for the Architect’s review and the Owner’s acceptance of milestones, format, and level of detail. The Construction Manager shall obtain the Architect’s approval for the portion of the Project schedule relating to the performance of the Architect’s services. The Project schedule shall coordinate and integrate the Construction Manager’s services, the Architect’s services, other Owner consultants’ services, and the Owner’s responsibilities and identify items that could affect the Project’s timely completion. The updated Project schedule shall include the following:

1. submission of the Guaranteed Maximum Price proposal;
2. preparation and processing of submittals;
3. components of the Work and activity sequence;
4. times of commencement and completion required of each Subcontractor;
5. ordering and delivery of products, including those that must be ordered well in advance of construction;
6. occupancy requirements of the Owner showing portions of the Project having occupancy priority and date of Substantial Completion(s); and
7. milestone dates for reference.

If preliminary Project schedule updates indicate that previously approved schedules may not be met, the Construction Manager shall make appropriate recommendations to the Owner and the Architect. The Owner’s requirements for accelerated or fast-track scheduling or phased construction are per Section 2.1.3 of the A133 Project Attachment.

§ 2.1.4 Phased Construction

The Construction Manager shall provide recommendations with regard to accelerated or fast-track scheduling, procurement, or phased construction. The Construction Manager shall take into consideration cost reductions, cost information, constructability, time of performance, availability of labor and materials, provisions for temporary facilities and procurement, and construction scheduling issues. The Construction Manager shall plan and organize site staging, phasing, access controls, material handling, storage and equipment requirements for each phase of the
Project, except as modified by the specific terms of this Agreement. The Construction Manager acknowledges and agrees that construction will be staged and managed to provide Substantial Completion(s) of the Project and Occupancy of the Project by the date(s) agreed to, in writing, by the Owner and the Construction Manager at the time the Guaranteed Maximum Price is submitted to the Owner.

§ 2.1.5 Preliminary Cost Estimates

§ 2.1.5.1 Based on the preliminary design and other design criteria prepared by the Architect, the Construction Manager shall prepare preliminary estimates of the Cost of the Work or the cost of program requirements using area, volume or similar conceptual estimating techniques, in format and level of detail approved by the Owner, for the Architect’s review and Owner’s approval. If the Owner, Architect, or Construction Manager suggests alternative materials and systems, the Construction Manager shall provide cost evaluations of those alternative materials and systems. All such alternates shall be in compliance with the Owner’s current Facilities Design Standards.

§ 2.1.5.2 When the Owner, Construction Manager, and Architect agree to the Owner’s design and construction milestone dates per Section 2.1.5.2 of A133 Project Attachment, the parties shall not exceed them, except for reasonable cause. As the Architect progresses with the preparation of the Schematic Design, Design Development and Construction Documents, the Construction Manager shall prepare and update estimates of the Cost of the Work of increasing detail and refinement in format and level of detail approved by the Owner, and allowing for the further development of the design until such time as the Owner and Construction Manager agree on a Guaranteed Maximum Price for the Work. Such estimates shall be provided for the Architect’s review and the Owner’s approval in order to achieve the milestones dates per Section 2.1.5.2 of A133 Project Attachment. The Construction Manager shall inform the Owner and Architect when estimates of the Cost of the Work exceed the latest approved construction budget and make recommendations for corrective action. If a discrepancy exists between the Construction Manager’s cost estimates and the Architect’s cost estimates, the Construction Manager shall work cooperatively with the Construction Manager to resolve discrepancies.

§ 2.1.6 Subcontractors and Suppliers

The Construction Manager shall develop bidders’ interest in the Project and furnish to the Owner and the Architect a list of possible subcontractors, including suppliers, who are to furnish materials or equipment fabricated to a special design, from whom proposals will be requested for each principal portion of the Work pursuant to section 2.3.2.1. The Owner may designate specific persons from whom, or entities from which, the Construction Manager shall endeavor to obtain bids. All such subcontractors and suppliers shall have been pre-qualified by the Construction Manager pursuant to the requirements of Minnesota Statutes §16C.34, subdivision 3(e) and §16C.285. The Owner and Architect will promptly reply in writing to the Construction Manager if the Owner or Architect knows of any objection to such subcontractor or supplier. The receipt of such list shall not require the Owner or Architect to investigate the qualifications of proposed subcontractors or suppliers, nor shall it waive the right of the Owner to object to or reject any proposed subcontractor or supplier. The Construction Manager shall not contract with any subcontractor or supplier to whom the Owner has so objected.

§ 2.1.7 The Construction Manager shall prepare, for the Architect’s review and the Owner’s acceptance, a procurement schedule for items that must be ordered well in advance of construction. The Construction Manager shall expedite and coordinate the ordering and delivery of materials that must be ordered well in advance of construction. If the Owner agrees to procure any items prior to the establishment of the Guaranteed Maximum Price, the Owner shall procure the items on terms and conditions acceptable to the Construction Manager. Upon the establishment of the Guaranteed Maximum Price, the Owner shall assign all contracts for these items to the Construction Manager and the Construction Manager shall thereafter accept responsibility for them.

§ 2.1.8 Extent of Responsibility

The Construction Manager shall exercise reasonable care in preparing schedules and estimates. The Construction Manager, however, does not warrant or guarantee estimates and schedules except as may be included as part of the Guaranteed Maximum Price. Nevertheless, the Construction Manager represents that it is experienced in providing estimates and scheduling for construction projects similar in scope and size to the Project and shall use its best efforts to provide accurate estimating and scheduling services for the Project. The Construction Manager is not required to ascertain that the Drawings and Specifications are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Construction Manager shall promptly report to the Architect and Owner any nonconformity discovered by or made known to the Construction Manager. For projects
involving existing construction, the Construction Manager shall consult with the Architect to verify significant existing conditions to be included in the Project.

§ 2.1.9 Notices and Compliance with Laws
The Construction Manager shall comply with, and give notices required by, applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to its performance under this Contract, and with equal employment opportunity programs, and other programs as may be required by governmental and quasi-governmental authorities for inclusion in the Contract Documents.

§ 2.2 Guaranteed Maximum Price Proposal and Contract Time
§ 2.2.1 At a time to be mutually agreed upon by the Owner and the Construction Manager and in consultation with the Architect, the Construction Manager shall prepare a Guaranteed Maximum Price proposal for the Owner’s review and acceptance. The Guaranteed Maximum Price in the proposal shall be the sum of the Construction Manager’s estimate of the Cost of the Work, including contingencies described in Section 2.2.4, and the Construction Manager’s Fee.

§ 2.2.2 To the extent that the Drawings and Specifications are anticipated to require further development by the Architect, the Construction Manager shall provide in the Guaranteed Maximum Price for such further development consistent with the Contract Documents and reasonably inferable therefrom. Such further development does not include such things as changes in scope, systems, kinds and quality of materials, finishes or equipment, all of which, if required, shall be incorporated by Change Order. In submitting the Guaranteed Maximum Price proposal, the Construction Manager represents that it will provide every item, system or element of the Work that is identified, shown or specified in the Guaranteed Maximum Price proposal, along with all necessary or ancillary materials and equipment to install each of them completely and make fully operational, unless specifically excluded. Upon Owner’s acceptance of the Guaranteed Maximum Price, the Construction Manager shall not be entitled to any increase in the Guaranteed Maximum Price due to the continued refinement of the Drawings and Specifications or the absence or addition of any detail or specification that may be required in order to complete the construction of the Project as described in and reasonably inferable from the Guaranteed Maximum Price proposal.

§ 2.2.3 The Construction Manager shall include with the Guaranteed Maximum Price proposal a written statement of its basis, which shall include the following:

1. A statement of the proposed Guaranteed Maximum Price, including a statement of the estimated Cost of the Work organized by trade categories or systems acceptable to the Owner, allowances, contingencies, escalation, and the Construction Manager’s Fee;
2. A date by which the Owner must accept the Guaranteed Maximum Price.
3. A list of the Drawings and Specifications, including all Addenda thereto, and the Conditions of the Contract;
4. A list of alternates and pricing therefore;
5. A list of allowances and a statement of their basis;
6. Unit prices and assumptions as to anticipated unit quantities;
7. A list of the clarifications and assumptions made by the Construction Manager in the preparation of the Guaranteed Maximum Price proposal, including assumptions under Section 2.2.2, to supplement the information provided by the Owner and contained in the Drawings and Specifications;
8. A construction schedule for the Work in accordance with Section 3.10 of the AIA Document A201™–2017, including Owner’s occupancy requirements as set forth in Section 2.1.3 herein.
9. The anticipated date(s) of Substantial Completion upon which the proposed Guaranteed Maximum Price is based, consistent with the Substantial Completion date(s) provided in Section 2.1.4 herein;
10. The amount and basis for any contingencies, including separate line items for Design and Construction contingencies required pursuant to Section 2.2.4 herein;
11. Identification of those portions of the Work that the Construction Manager intends to self-perform; and
12. The Construction Manager’s certification that the pricing and costs contained in the Guaranteed Maximum Price proposal are accurate, complete and current as of the date of the proposal.

§ 2.2.4 Contingencies
§ 2.2.4.1 Design Contingency
In preparing the Construction Manager’s Guaranteed Maximum Price proposal, the Construction Manager shall provide in the Guaranteed Maximum Price, a contingency (the "Design Contingency") sufficient to cover costs associated with further development of the Drawings and Specifications by the Architect that are considered...
reimbursable as the Cost of the Work but not included in a Change Order. The Design Contingency shall be reflective of the risk inherent in the state of completion of the Drawings and Specifications at the time of Guaranteed Maximum Price proposal submission. It is intended to be used for design refinement, not scope change. Any claim against the Design Contingency shall be submitted in accordance with Section 2.2.4.3.

§ 2.2.4.2 Construction Contingency
In preparing the Construction Manager’s Guaranteed Maximum Price proposal, the Construction Manager shall provide in the Guaranteed Maximum Price, a contingency (the “Construction Contingency”) sufficient to cover unforeseen costs during construction. Any claim against the Construction Contingency shall be submitted in accordance with Section 2.2.4.3. Examples of such unforeseen conditions and events include, but are not limited to, the following:

.1 Unanticipated cost overruns or gaps in the procurement of Subcontracts or other purchases of materials,
.2 Expediting or acceleration costs required to meet the construction schedule for the Work per the Guaranteed Maximum Price Amendment,
.3 Coordination errors a Construction Management professional should have detected in the design drawings,
.4 Higher than expected wage settlements,
.5 Unforeseen items in existing conditions,
.6 Subcontractor defaults or deficiencies,
.7 Estimating errors.

§ 2.2.4.3 Use of Contingency
Construction Manager may permit funds to be expended from the Design Contingency for refinement of design and Construction Contingency for completion of the Work; provided, however, the Owner approves of such use of the contingency and approval of the contingency shall not be unreasonably withheld. Any expenditures of the Construction Contingency shall be detailed on the Construction Manager’s monthly report prior to requesting payment of the Work in question. The Owner may elect to not require Owner approval for Construction Contingency expenditures allowed in this contract under five thousand dollars ($5,000.00) per occurrence as long as the cumulative sum total of such expenditures does not exceed twenty-five percent (25%) of the Construction Contingency amount allocated at the time of the Guaranteed Maximum Price Amendment.

.1 The Construction Contingency shall be adjusted to reflect net savings or net losses resulting from the award of subcontracts. The amount of the adjustment to the Construction Contingency shall be determined by subtracting the face amount of each subcontract at the time the subcontract is entered into from the amount allocated in the estimated Cost of the Work (attached to the Guaranteed Maximum Price proposal) to be performed under such subcontract.

.2 After subcontracts comprising 50% of the value of the estimated Cost of the Work are awarded, the Construction Contingency may be used by the Owner for Owner-initiated Change Orders, provided the use of the Construction Contingency is mutually agreed upon by the Owner and the Construction Manager. Should the Construction Manager not agree to the release of contingency funds to the Owner, the Construction Manager shall provide a risk analysis to the Owner which provides justification for the Construction Manager’s need for the contingency funds.

.3 After Construction of the Work is 75% complete based upon Applications for Payment, the Construction Contingency may be used by the Owner for Owner Initiated Change Orders provided the use of the Construction Contingency is mutually agreed upon by the Owner and the Construction Manager. Should the Construction Manager not agree to the release of contingency funds to the Owner, the Construction Manager shall provide a risk analysis to the Owner which provides justification for the Construction Manager’s need for the contingency funds.

.4 Construction Manager may permit funds to be expended from the Construction Contingency of the Cost of Work incurred for completion of the Work; provided, however, the Owner approves of such use of the contingency and approval of the contingency shall not be unreasonably withheld. Any expenditures of the Construction Contingency shall be detailed on the Construction Manager’s monthly report prior to requesting payment of the Work in question.
§ 2.2.5 The Construction Manager shall meet with the Owner and Architect to review the Guaranteed Maximum Price proposal. In the event that the Owner and Architect discover any inconsistencies or inaccuracies in the information presented, they shall promptly notify the Construction Manager, who shall, within three business days of receipt of such notification, make appropriate adjustments to the Guaranteed Maximum Price proposal, its basis, or both.

§ 2.2.6 If the Owner notifies the Construction Manager that the Owner has accepted the Guaranteed Maximum Price proposal in writing before the date specified in the Guaranteed Maximum Price proposal, the Guaranteed Maximum Price proposal shall be deemed effective without further acceptance from the Construction Manager. Following acceptance of a Guaranteed Maximum Price, the Owner and Construction Manager shall execute the Guaranteed Maximum Price Change Order amending this Agreement, a copy of which the Owner shall provide to the Architect. The Guaranteed Maximum Price Change Order shall set forth the agreed upon Guaranteed Maximum Price with the information and assumptions upon which it is based.

§ 2.2.7 The Construction Manager shall not incur any cost to be reimbursed as part of the Cost of the Work prior to the commencement of the Construction Phase, unless the Owner provides prior written authorization for such costs.

§ 2.2.8 The Owner shall authorize the Architect to provide the revisions to the Drawings and Specifications to incorporate the agreed upon assumptions and clarifications contained in the Guaranteed Maximum Price Amendment. The Owner shall promptly furnish those revised Drawings and Specifications to the Construction Manager as they are revised. The Construction Manager shall notify the Owner and Architect of any inconsistencies between the Guaranteed Maximum Price Amendment and the revised Drawings and Specifications.

§ 2.2.9 The Construction Manager shall include in the Guaranteed Maximum Price all sales, consumer, use and similar taxes for the Work provided by the Construction Manager that are legally enacted, whether or not yet effective, at the time the Guaranteed Maximum Price Amendment is executed.

§ 2.3 Construction Phase
§ 2.3.1 General
§ 2.3.1.1 For purposes of Section 8.1.2 of A201–2007, the date of commencement of the Work shall mean the date of commencement of the Construction Phase.

§ 2.3.1.2 The Construction Phase shall commence upon the Owner’s acceptance of the Construction Manager’s Guaranteed Maximum Price proposal or the Owner’s issuance of a Notice to Proceed, whichever occurs earlier.

§ 2.3.2 Administration
§ 2.3.2.1 Those portions of the Work that the Construction Manager does not customarily perform with the Construction Manager’s own personnel shall, subject to the limitation contained in Section 2.1.6, be performed under subcontracts or by other appropriate agreements with the Construction Manager. The Owner may designate specific persons from whom, or entities from which, the Construction Manager shall obtain bids. The Construction Manager shall obtain, or provide evidence of good-faith effort in obtaining, competitive bids from at least three Subcontractors and from suppliers of materials or equipment fabricated especially for the Work and shall deliver such bids to, and meet with, the Owner and Architect for review. The Owner shall then determine, with the advice of the Construction Manager and the Architect, which bids will be accepted. The Construction Manager shall not be required to contract with anyone to whom the Construction Manager has reasonable objection.

§ 2.3.2.2 It is understood and anticipated that the Construction Manager may desire to perform portions of the Work with its own forces. The Construction Manager will not be allowed to select to perform portions of the Work for self-performance without the Owner’s affirmative request that the Construction Manager be allowed to do such work or prior written approval of the Construction Manager’s request. The Construction Manager shall be considered to be a "qualified firm" in the sense of Minnesota Statutes §16C.34, subdivision 3(e) and 16C.285 for the performance of such work. In each of these instances on occasions when the Construction Manager is competing by bid for trade contract work, the Owner, Owner’s Representative or Architect will solicit competitive sealed bids or proposals from at least two other qualified subcontractors as well as from the Construction Manager, and all of these will be submitted to the Owner (together with such other information as the Owner may deem appropriate) and thereafter the Owner will determine whether the Construction Manager or one of the other bidders or proposers will perform the work in question. Alternatively, the Construction Manager, as the Contractor, may self-perform work specifically identified and agreed to, in writing, by the Owner. The cost of the self-performed work shall be included in the Guaranteed

User Notes:
Maximum Price and will include; (1) competitively bid materials and supplies, and (2) labor hours at wage rates that were competitively submitted in the bid or RFP proposal referred to above.

§ 2.3.2.3 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement, and shall not be awarded on the basis of cost plus a fee.

§ 2.3.2.4 If the Construction Manager recommends a specific bidder that may be considered a "related party" according to Section 6.10, then the Construction Manager shall promptly notify the Owner in writing of such relationship and notify the Owner of the specific nature of the contemplated transaction, according to Section 6.10.2. The Owner may, for cause or without cause, object to any bidder that may be considered such a "related party" without any monetary consequence to the Construction Manager or any other entity, and the Construction Manager may not use such objection as a basis for increasing the Guaranteed Maximum Price or Contract time.

§ 2.3.2.5 The Construction Manager shall in cooperation with the Owner and Architect, prepare agenda, schedule and conduct regular, periodic meetings to discuss such matters as procedures, progress, coordination, scheduling, and status of the Work. The Construction Manager shall prepare and promptly distribute minutes, including a description of any decisions made, to the Owner and Architect.

§ 2.3.2.6 Upon the execution of the Guaranteed Maximum Price Change Order, the Construction Manager shall prepare and submit to the Owner and Architect a construction schedule for the Work and submittal schedule in accordance with Section 3.10 of A201–2007 and Owner’s occupancy requirements as set forth in Section 2.1.

§ 2.3.2.7 The Construction Manager shall record the progress of the Project. On a monthly basis, or otherwise as agreed to by the Owner, the Construction Manager shall submit written progress reports to the Owner and Architect, showing:
  1. percentages of completion of the Work,
  2. the percentage of the budget for the completion of the Project that has been expended,
  3. changes to the budget and schedule for the Project, and
  4. other information required by the Owner or Architect.

The Construction Manager shall also keep, and make available to the Owner and Architect, a daily log containing a record for each day of weather, portions of the Work in progress, number of workers on site, identification of equipment on site, problems that might affect progress of the work, accidents, injuries, and other information required by the Owner.

§ 2.3.2.8 The Construction Manager shall develop a system of cost control for the Work, including regular monitoring of actual costs for activities in progress and estimates for uncompleted tasks and proposed changes. The Construction Manager shall identify variances between actual and estimated costs and report the variances to the Owner and Architect and shall provide this information in its monthly reports to the Owner and Architect, in accordance with Section 2.3.2.7 above.

§ 2.4 Professional Services
Section 3.12 of A201–2007 shall apply to both the Preconstruction and Construction Phases.

§ 2.5 Hazardous Materials
Section 10.3 of A201–2007 shall apply to both the Preconstruction and Construction Phases.

ARTICLE 3 OWNER’S RESPONSIBILITIES
§ 3.1 Information and Services Required of the Owner
§ 3.1.1 The Owner shall provide information with reasonable promptness, regarding requirements for and limitations on the Project as may be reasonably requested from time to time by the Construction Manager, including a written program which shall set forth the Owner’s objectives, constraints, and criteria, including schedule, space requirements and relationships, flexibility and expandability, special equipment, systems, sustainability and site requirements.

§ 3.1.2 Paragraph deleted

§ 3.1.3 Paragraph deleted
§ 3.1.4 Structural and Environmental Tests, Surveys and Reports.
During the Preconstruction Phase, the Owner shall furnish the following information or services with reasonable promptness. The Owner shall also furnish any other information or services under the Owner’s control and relevant to the Construction Manager’s performance of the Work with reasonable promptness after receiving the Construction Manager’s written request for such information or services. Except to the extent that the Construction Manager knows of any inaccuracy or error, the Construction Manager shall be entitled to rely on the accuracy of information and services furnished by the Owner but shall exercise proper precautions relating to the safe performance of the Work. The Construction Manager shall promptly notify the Owner and the architect of any inaccuracy it discovers.

§ 3.1.4.1 The Owner shall furnish tests, inspections and reports required by law and as otherwise agreed to by the parties, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 3.1.4.2 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions and necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths, but only to the extent that it has possession or knowledge of such information. All the information on the survey shall be referenced to a Project benchmark.

§ 3.1.4.3 The Owner, when such services are requested, shall furnish services of geotechnical engineers, which may include but are not limited to test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 3.1.4.4 During the Construction Phase, the Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall also furnish any other information or services under the Owner’s control and relevant to the Construction Manager’s performance of the Work with reasonable promptness after receiving the Construction Manager’s written request for such information or services.

§ 3.1.4.5 The Owner shall not have any responsibility for identifying all services, information, surveys, and reports that may be required for the Project.

§ 3.2 Owner’s Designated Representative
The Owner shall identify a representative authorized to act on behalf of the Owner with respect to the Project. The Owner’s representative shall render decisions promptly and furnish information expeditiously, so as to avoid unreasonable delay in the services or Work of the Construction Manager. Except as otherwise provided in Section 4.2.1 of A201–2007, the Architect does not have such authority. The term “Owner” means the Owner or the Owner’s authorized representative identified in the A133 Project Attachment.

§ 3.2.1 Legal Requirements. The Owner, at its sole option and discretion, shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner’s needs and interests.

§ 3.3 Architect
The Owner shall retain an Architect to provide services, duties and responsibilities as described in AIA Document B133–2014, Standard Form of Agreement Between Owner and Architect, Construction Manager as Constructor Edition, as currently amended by the Owner, including any additional services requested by the Construction Manager and approved by the Owner that are necessary for the Preconstruction and Construction Phase services under this Agreement.

ARTICLE 4 COMPENSATION AND PAYMENTS FOR PRECONSTRUCTION PHASE SERVICES
§ 4.1 Compensation
§ 4.1.1 For the Construction Manager’s Preconstruction Phase services, the Owner shall compensate the Construction Manager as follows:
§ 4.1.2 For the Construction Manager’s Preconstruction Phase services described in Sections 2.1 and 2.2:

See the A133 Project Attachment

§ 4.1.3 Reimbursable expenses for Preconstruction Phase Services shall be limited to the following, subject to prior approval by the Owner:

1. special travel and subsistence costs (as long as travel time is not also billed as professional service time);
2. special reports required by any unique characteristic of the Project; and
3. special computer studies and videotapes.

§ 4.1.4 Records of expenses and of services performed in the Preconstruction Phase shall be maintained and submitted in support of applications for payment.

§ 4.2 Payments

§ 4.2.1 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed. Each such pay application shall be in writing, in a form acceptable to the Owner, and shall explain in reasonable detail the basis therefor and shall refer to the Owner’s purchase order number and Project Number as applicable.

§ 4.2.2 Payment is due and payable

(Paragraphs deleted)

pursuant to the requirements of Minnesota Statute 16A.124.

ARTICLE 5 COMPENSATION FOR CONSTRUCTION PHASE SERVICES

§ 5.1 For the Construction Manager’s performance of the Work as described in Section 2.3, the Owner shall pay the Construction Manager the Contract Sum in current funds. The Contract Sum is the Cost of the Work as defined in Section 6.1.1 plus the Construction Manager’s Fee.

§ 5.1.1 The Construction Manager’s Fee:

(Paragraph deleted)

(See A133 Project Attachment)

§ 5.1.2 The method of adjustment of the Construction Manager’s Fee for changes in the Work shall be according to A201-2017 General Conditions. The Construction Manager will not be permitted to charge or assess the Construction Manager’s fee on Change Orders or Construction Change directives until such Change Orders or Construction Change Directives, in the aggregate, exceed the Guaranteed Maximum Price for the Project.

§ 5.1.3 Limitations, if any, on a Subcontractor’s overhead and profit for increases in the cost of its portion of the Work shall be according to A201-2017 General Conditions.

§ 5.1.4 Rental rates (see A201 General Conditions)

§ 5.1.5 Unit rates, if any:

(Paragraphs deleted)

shall be established in the Guaranteed Maximum Price amendment.

(Table deleted)

§ 5.2 Guaranteed Maximum Price

§ 5.2.1 The Construction Manager guarantees that the Contract Sum shall not exceed the Guaranteed Maximum Price set forth in the Guaranteed Maximum Price Amendment, as it is amended from time to time. To the extent the Cost of the Work exceeds the Guaranteed Maximum Price, the Construction Manager shall bear such costs in excess of the Guaranteed Maximum Price without reimbursement or additional compensation from the Owner.

(Paragraph deleted)

In the event that upon full completion of the Work, the Cost of the Work and the Construction Manager’s Fee thereon, is less than the Guaranteed Maximum Price as may be adjusted by future change orders (the "Cost Savings"), then 100% of the Costs Savings will be credited to the Owner. Any unexpended allowance amounts and unexpended contingency amounts shall be 100% credited to the Owner.
§ 5.2.2 The Guaranteed Maximum Price is subject to additions and deductions by Change Order as provided in the Contract Documents and the Date of Substantial Completion shall be subject to adjustment as provided in the Contract Documents.

§ 5.3 Changes in the Work
§ 5.3.1 The Owner may, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions. The Owner shall issue such changes in writing. The Architect may make minor changes in the Work as provided in Section 7.4 of AIA Document A201–2017, General Conditions of the Contract for Construction as modified by the Owner, but may not authorize any increase in the Guaranteed Maximum Price. The Construction Manager shall be entitled to an equitable adjustment in the Contract Time as a result of changes in the Work, in accordance with Article 7 of AIA Document A201-2017.

§ 5.3.2 Adjustments to the Guaranteed Maximum Price on account of changes in the Work subsequent to the execution of the Guaranteed Maximum Price Change Order may be determined by any of the methods listed in Section 7.3.3 of AIA Document A201–2007, General Conditions of the Contract for Construction.

§ 5.3.3 In calculating adjustments to subcontracts (except those awarded with the Owner’s prior consent on the basis of cost plus a fee), the terms "cost" and "fee" as used in Section 7.3.3.3 of AIA Document A201–2007 and the term "costs" as used in Section 7.3.7 of AIA Document A201–2007 shall have the meanings assigned to them in AIA Document A201–2007 and shall not be modified by Sections 5.1 and 5.2, Sections 6.1 through 6.7, and Section 6.8 of this Agreement. (except Section 5.1.3 relating to limitations on subcontractors’ profit and overhead)

§ 5.3.4 In calculating adjustments to the Guaranteed Maximum Price, the terms "cost" and "costs" as used in the above-referenced provisions of AIA Document A201–2007 shall mean the Cost of the Work as defined in Sections 6.1 to 6.7 of this Agreement and the term "fee" shall mean the Construction Manager’s Fee as defined in Section 5.1 of this Agreement.

§ 5.3.5 Intentionally not used

ARTICLE 6 COST OF THE WORK FOR CONSTRUCTION PHASE
§ 6.1 Costs to Be Reimbursed:
§ 6.1.1 The term Cost of the Work shall mean costs necessarily incurred by the Construction Manager in the proper performance of the Work. Such costs shall be at rates not higher than the standard paid at the place of the Project except with prior consent of the Owner. The Cost of the Work shall include only the items set forth in Sections 6.1 through 6.7.

§ 6.1.2 Where any cost is subject to the Owner’s prior approval, the Construction Manager shall obtain this approval prior to incurring the cost. The parties shall endeavor to identify any such costs prior to executing Guaranteed Maximum Price Amendment.

§ 6.2 Labor Costs
§ 6.2.1 Wages of construction workers directly employed by the Construction Manager to perform the construction of the Work at the site or, with the Owner’s prior approval, at off-site workshops.

§ 6.2.2 Wages or salaries, including hourly rate charges with all labor burden, of the Construction Manager’s supervisory and administrative personnel when stationed at the site with the Owner’s prior approval. (See A133 Project Attachment)

§ 6.2.3 Wages and salaries of the Construction Manager’s supervisory or administrative personnel engaged at factories, workshops or on the road, in expediting the production or transportation of materials or equipment required for the Work, but only for that portion of their time required for the Work and only with the Owner’s prior written approval.

§ 6.2.4 Costs paid or incurred by the Construction Manager for taxes, insurance, contributions, assessments and benefits required by law or collective bargaining agreements and, for personnel not covered by such agreements,
customary benefits such as sick leave, medical and health benefits, holidays, vacations and pensions, provided such costs are based on wages and salaries included in the Cost of the Work under Sections 6.2.1 through 6.2.3.

§ 6.2.5 Paragraph deleted

§ 6.3 Subcontract Costs
Payments made by the Construction Manager to Subcontractors in accordance with the requirements of the subcontracts.

§ 6.4 Costs of Materials and Equipment Incorporated in the Completed Construction
§ 6.4.1 Costs, including transportation and storage, of materials and equipment incorporated or to be incorporated in the completed construction.

§ 6.4.2 Costs of materials described in the preceding Section 6.4.1 in excess of those actually installed to allow for reasonable waste and spoilage. Unused excess materials, if any, shall become the Owner's property at the completion of the Work or, at the Owner's option, shall be sold by the Construction Manager. Any amounts realized from such sales shall be credited to the Owner as a deduction from the Cost of the Work.

§ 6.5 Costs of Other Materials and Equipment, Temporary Facilities and Related Items
§ 6.5.1 Costs of transportation, storage, installation, maintenance, dismantling and removal of materials, supplies, temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Construction Manager at the site and fully consumed in the performance of the Work. Costs of materials, supplies, temporary facilities, machinery, equipment and tools that are not fully consumed shall be based on the cost or value of the item at the time it is first used on the Project site less the value of the item when it is no longer used at the Project site. Costs for items not fully consumed by the Construction Manager shall mean fair market value.

§ 6.5.2 Rental charges for temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Construction Manager at the site, whether rented from the Construction Manager or others, and costs of transportation, installation, minor repairs, dismantling and removal. The total rental cost of any Construction Manager-owned item may not exceed 75% of the rates for such rentals listed in the most current edition of the Rental Rate Blue Book for construction equipment. Rates of Construction Manager-owned equipment and quantities of equipment shall be subject to the Owner's prior approval.

§ 6.5.3 Costs of removal of debris from the site of the Work and its proper and legal disposal.

§ 6.5.4 Reasonable costs of document reproductions, data and communication services.

§ 6.5.5 Paragraph deleted

§ 6.5.6 Costs of materials and equipment suitably stored off the site at a mutually acceptable location, subject to the Owner's prior approval.

§ 6.6 Miscellaneous Costs
§ 6.6.1 Insurance and Bonds
.1 Premiums for that portion of insurance and bonds required by the Contract Documents that can be directly attributed to this Contract.
.2 Cost of self-insurance for either full or partial amounts of the coverages required by the Contract Documents, with the Owner's prior approval. The Construction Manager must specify the basis for the reimbursement of such self-insurance costs.

§ 6.6.2 Sales, use or similar taxes imposed by a governmental authority that are related to the Work and for which the Construction Manager is required by the Contract Documents to pay.

§ 6.6.3 Fees and assessments for the building permit and for other permits, licenses and inspections for which the Construction Manager is required by the Contract Documents to pay.
§ 6.6.4 Fees of laboratories for tests required by the Contract Documents, except those related to defective or nonconforming Work for which reimbursement is excluded by Section 13.4.3 of AIA Document A201–2007 or by other provisions of the Contract Documents, and which do not fall within the scope of Section 6.7.3.

§ 6.6.5 Royalties and license fees paid for the use of a particular design, process or product required by the Contract Documents.

§ 6.6.6 Costs for electronic equipment and software, directly related to the Work with the Owner’s prior approval.

§ 6.6.7 With the Owner’s prior written approval, deposits lost for causes other than the Construction Manager’s negligence or failure to fulfill a specific responsibility in the Contract Documents.

(Paragraphs deleted)

§ 6.7 Other Costs and Emergencies

§ 6.7.1 Other costs incurred in the performance of the Work if, and to the extent, approved in advance in writing by the Owner.

§ 6.7.2 Costs incurred in taking action to prevent threatened damage, injury or loss in case of an emergency affecting the safety of persons and property, as provided in Section 10.4 of AIA Document A201–2007.

§ 6.7.3 Paragraph deleted

§ 6.7.4 The costs described in Sections 6.1 through 6.7 shall be included in the Cost of the Work, notwithstanding any provision of AIA Document A201–2007 or other Conditions of the Contract which may require the Construction Manager to pay such costs, unless such costs are excluded by the provisions of Section 6.8.

§ 6.8 Costs Not To Be Reimbursed

§ 6.8.1 The Cost of the Work shall not include the items listed below:

.1 Salaries and other compensation of the Construction Manager’s personnel stationed at the Construction Manager’s principal office or offices other than the site office, except as specifically provided in Section 6.2, or as may be provided in Article 11;

.2 Expenses of the Construction Manager’s principal office and offices other than the site office;

.3 Overhead and general expenses, except as may be expressly excluded in Sections 6.1 to 6.7;

.4 The Construction Manager’s capital expenses, including interest on the Construction Manager’s capital employed for the Work;

.5 Costs due to the negligence or failure of the Construction Manager, Subcontractors and suppliers or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable to fulfill a specific responsibility of the Contract;

.6 Any cost not specifically and expressly described in Sections 6.1 to 6.7;

.7 Costs, other than costs included in Change Orders approved by the Owner, that would cause the Guaranteed Maximum Price to be exceeded;

.8 Costs for services incurred during the Preconstruction Phase; and

.9 Costs resulting from theft or vandalism of items that are not part of the Work or which are not directly related to the Project; and

§ 6.9 Discounts, Rebates and Refunds

§ 6.9.1 Cash discounts obtained on payments made by the Construction Manager shall accrue to the Owner. Trade discounts, rebates, refunds and amounts received from sales of surplus materials and equipment shall accrue to the Owner, and the Construction Manager shall make provisions so that they can be obtained. The Construction Manager shall use reasonable efforts to apprise the Owner of the availability of such discounts, rebates and refunds.

§ 6.9.2 Amounts that accrue to the Owner in accordance with the provisions of Section 6.9.1 shall be credited to the Owner as a deduction from the Cost of the Work.
§ 6.10 Related Party Transactions
§ 6.10.1 For purposes of Section 6.10, the term "related party" shall mean a parent, subsidiary, affiliate or other entity having common ownership or management with the Construction Manager; any entity in which any stockholder in, or management employee of, the Construction Manager owns any interest in excess of ten percent (10%) in the aggregate; or any person or entity which has the right to control the business or affairs of the Construction Manager. The term "related party" includes any member of the immediate family of any person identified above.

§ 6.10.2 If any of the costs to be reimbursed arise from a transaction between the Construction Manager and a related party, the Construction Manager shall notify the Owner of the specific nature of the contemplated transaction, including the identity of the related party and the anticipated cost to be incurred, before any such transaction is consummated or cost incurred. If the Owner, after such notification, authorizes the proposed transaction, then the cost incurred shall be included as a cost to be reimbursed, and the Construction Manager shall procure the Work, equipment, goods or service from the related party, as a Subcontractor, according to the terms of Sections 2.3.2.1, 2.3.2.2 and 2.3.2.3. If the Owner fails to authorize the transaction, the Construction Manager shall procure the Work, equipment, goods or service from some person or entity other than a related party according to the terms of Sections 2.3.2.1, 2.3.2.2 and 2.3.2.3.

§ 6.11 Accounting Records
See AIA Document A201 General Conditions.

ARTICLE 7 PAYMENTS FOR CONSTRUCTION PHASE SERVICES
§ 7.1 Progress Payments
§ 7.1.1 Based upon Applications for Payment submitted to the Architect by the Construction Manager and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Construction Manager as provided below and elsewhere in the Contract Documents.

§ 7.1.2 The period covered by each Application for Payment shall be one calendar month. Construction Schedules shall be prepared and submitted in conformance with Section 3.10 of the A201-2017.

§ 7.1.3 The Owner shall make payment to the Construction Manager in conformance with Section 9.6.1 of the A201-2017 not later than thirty days after the Architect has certified the same for payment, if Application for Payment is made on the Owner required form in compliance with the Contract Documents.

§ 7.1.4 With each Application for Payment, the Construction Manager shall submit payrolls, petty cash accounts, receipted invoices or invoices with check vouchers attached, and any other evidence required by the Owner or Architect to demonstrate that cash disbursements already made by the Construction Manager on account of the Cost of the Work equal or exceed progress payments already received by the Construction Manager, less that portion of those payments attributable to the Construction Manager’s Fee, plus payrolls for the period covered by the present Application for Payment.

§ 7.1.5 Each Application for Payment shall be based on the most recent schedule of values submitted by the Construction Manager in accordance with the Contract Documents. The schedule of values shall allocate the entire Guaranteed Maximum Price among the various portions of the Work, except that the Construction Manager’s Fee shall be shown as a single separate item. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Owner may require. This schedule, unless objected to by the Owner, shall be used as a basis for reviewing the Construction Manager’s Applications for Payment.

§ 7.1.6 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment. The percentage of completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed, or (2) the percentage obtained by dividing (a) the expense that has actually been incurred by the Construction Manager on account of that portion of the Work for which the Construction Manager has made actual payment by (b) the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values.

§ 7.1.7 Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

User Notes:
Take that portion of the Guaranteed Maximum Price properly allocable to completed Work as determined by multiplying the percentage of completion of each portion of the Work by the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values;

Add that portion of the Guaranteed Maximum Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work, or with prior written approval by the Owner, suitably stored off the site at a location agreed upon in writing;

Add the Construction Manager’s Fee, less retainage of five percent (5%). The Construction Manager’s Fee shall be computed upon the Cost of the Work at the rate stated in Section 5.1 or, if the Construction Manager’s Fee is stated as a fixed sum in that Section, shall be an amount that bears the same ratio to that fixed-sum fee as the Cost of the Work bears to a reasonable estimate of the probable Cost of the Work upon its completion;

Subtract retainage of five percent (5%) from that portion of the Work completed during the period;

Subtract the aggregate of previous payments made by the Owner;

Subtract the shortfall, if any, indicated by the Construction Manager in the documentation required by Section 7.1.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner’s auditors in such documentation; and

Subtract amounts, if any, for which the Architect has withheld or nullified a Certificate for Payment as provided in Section 9.5 of AIA Document A201–2017.

§ 7.1.8 The Owner and Construction Manager shall agree upon (1) a mutually acceptable procedure for review and approval of payments to Subcontractors and (2) the percentage of retainage held on Subcontracts, and the Construction Manager shall execute subcontracts in accordance with those agreements.

§ 7.1.9 Except with the Owner’s prior approval, the Construction Manager shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 7.1.10 In taking action on the Construction Manager’s Applications for Payment, the Architect shall be entitled to rely on the accuracy and completeness of the information furnished by the Construction Manager and shall not be deemed to represent that the Architect has made a detailed examination, audit or arithmetic verification of the documentation submitted in accordance with Section 7.1.4 or other supporting data; that the Architect has made exhaustive or continuous on-site inspections; or that the Architect has made examinations to ascertain how or for what purposes the Construction Manager has used amounts previously paid on account of the Contract. Such examinations, audits and verifications, if required by the Owner, will be performed by the Owner’s auditors acting in the sole interest of the Owner.

§ 7.2 Final Payment

§ 7.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Construction Manager when

1. the Construction Manager has fully performed the Contract except for the Construction Manager’s responsibility to correct Work as provided in Section 12.2.2 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment;

2. the Construction Manager has submitted a final accounting for the Cost of the Work and a final Application for Payment; and

3. a final Certificate for Payment has been issued by the Architect.

4. The requirements of Section 9.10 of AIA Document A201–2017 have been met;

5. The Construction Manager has assembled and provided to the Owner in a bound compilation all warranties and operations manuals applicable to the Project, uploaded an electronic version to Owner’s Enterprise Project Management System (EPMS); and

6. The Construction Manager has delivered to the Architect and uploaded to Owner’s EPMS, a complete set of as-constructed drawings, meeting requirements of Section 3.11.1 of AIA Document A201.

The Owner’s final payment to the Construction Manager shall be made no later than 30 days after the issuance of the Architect’s final Certificate for Payment.

§ 7.2.2 The Owner’s auditors may review and report in writing on the Construction Manager’s final accounting within 30 days after delivery of the final accounting to the Architect by the Construction Manager. Based upon such Cost of
the Work as the Owner’s auditors report to be substantiated by the Construction Manager’s final accounting, and provided the other conditions of Section 7.2.1 have been met, the Architect will, within seven days after receipt of the written report of the Owner’s auditors, either issue to the Owner a final Certificate for Payment with a copy to the Construction Manager, or notify the Construction Manager and Owner in writing of the Architect’s reasons for withholding a certificate as provided in Section 9.5.1 of the AIA Document A201–2017. The time periods stated in this Section supersede those stated in Section 9.4.1 of the AIA Document A201–2017. The Owner and the Architect are not responsible for verifying the accuracy of the Construction Manager’s final accounting.

§ 7.2.3 Paragraph deleted

§ 7.2.4 Paragraph deleted

ARTICLE 8 INSURANCE AND BONDS
For all phases of the Project, the Construction Manager and the Owner shall purchase and maintain insurance, and the Construction Manager shall provide bonds as set forth in Article 11 of AIA Document (Paragraphs deleted) A201–2017. (Table deleted)

ARTICLE 9 DISPUTE RESOLUTION
§ 9.1 Any Claim between the Owner and Construction Manager shall be resolved in accordance with the provisions set forth in this Article 9 and Article 15 of A201–2017.

§ 9.2 For any Claim subject to, but not resolved by mediation pursuant to Section 15.3 of AIA Document A201–2017, the method of binding dispute resolution shall be as follows:

[X] Arbitration pursuant to Section 15.4 of AIA Document A201–2007

[ ] Litigation in a court of competent jurisdiction

[ ] Other: (Specify)

§ 9.3 Initial Decision Maker
The Architect will serve as the Initial Decision Maker pursuant to Section 15.2 of AIA Document A201–2017 for Claims arising from or relating to the Construction Manager’s Construction Phase services, unless the parties appoint below another individual, not a party to the Agreement, to serve as the Initial Decision Maker. (Paragraphs deleted)

ARTICLE 10 TERMINATION OR SUSPENSION
§ 10.1 Termination Prior to Establishment of the Guaranteed Maximum Price
§ 10.1.1 Prior to the execution of the Guaranteed Maximum Price Amendment, the Owner may terminate this Agreement upon not less than seven days’ written notice to the Construction Manager for the Owner’s convenience and without cause, and the Construction Manager may terminate this Agreement, upon not less than seven days’ written notice to the Owner, for the reasons set forth in Section 14.1.1 of A201–2017.

§ 10.1.2 In the event of termination of this Agreement pursuant to Section 10.1.1, the Construction Manager shall be equitably compensated for Preconstruction Phase services performed prior to receipt of a notice of termination. The Construction Manager’s compensation under this Section shall be based on the hourly rate schedule as provided in the A133 Project Attachment and the value and quality of the preconstruction services performed. Such compensation shall be negotiated in good faith by the Owner and Construction Manager; provided, however, that the Construction Manager’s compensation under this Section shall not exceed the compensation set forth in Section 4.1.

§ 10.1.3 If the Owner terminates the Contract pursuant to Section 10.1.1 after the commencement of the Construction Phase but prior to the execution of the Guaranteed Maximum Price Amendment, the Owner shall pay to the Construction Manager an amount calculated as follows, which amount shall be in addition to any compensation paid to the Construction Manager under Section 10.1.2:

.1 Take the Cost of the Work incurred by the Construction Manager to the date of termination;
.2 Add the Construction Manager’s Fee computed upon the Cost of the Work to the date of termination at the rate stated in Section 5.1 or, if the Construction Manager’s Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum Fee as the Cost of the Work at the time of termination bears to a reasonable estimate of the probable Cost of the Work upon its completion; and

.3 Subtract the aggregate of previous payments made by the Owner for Construction Phase services.

The Owner shall also pay the Construction Manager fair compensation, either by purchase or rental at the election of the Owner, for any equipment owned by the Construction Manager which the Owner elects to retain and which is not otherwise included in the Cost of the Work under Section 10.1.3.1. To the extent that the Owner elects to take legal assignment of subcontracts and purchase orders (including rental agreements), the Construction Manager shall, as a condition of receiving the payments referred to in this Article 10, execute and deliver all such papers and take all such steps, including the legal assignment of such subcontracts and other contractual rights of the Construction Manager, as the Owner may require for the purpose of fully vesting in the Owner the rights and benefits of the Construction Manager under such subcontracts or purchase orders. All Subcontracts, purchase orders and rental agreements entered into by the Construction Manager will contain provisions allowing for assignment to the Owner as described above.

If the Owner accepts assignment of subcontracts, purchase orders or rental agreements as described above, the Owner will reimburse or indemnify the Construction Manager for all costs arising under the subcontract, purchase order or rental agreement, if those costs would have been reimbursable as Cost of the Work if the contract had not been terminated. If the Owner chooses not to accept assignment of any subcontract, purchase order or rental agreement that would have constituted a Cost of the Work had this agreement not been terminated, the Construction Manager will terminate the subcontract, purchase order or rental agreement and the Owner will pay the Construction Manager the costs necessarily incurred by the Construction Manager because of such termination, which shall not in any event exceed the amount payable to such subcontractor pursuant to its written agreement with the Construction Manager.

§ 10.2 Termination Subsequent to Establishing Guaranteed Maximum Price
Following execution of the Guaranteed Maximum Price Amendment and subject to the provisions of Section 10.2.1 and 10.2.2 below, the Contract may be terminated as provided in Article 14 of AIA Document A201–2017.

§ 10.2.1 If the Owner terminates the Contract after execution of the Guaranteed Maximum Price Amendment, the amount payable to the Construction Manager pursuant to Sections 14.2 and 14.4 of A201–2017 shall not exceed the amount the Construction Manager would otherwise have received pursuant to Sections 10.1.2 and 10.1.3 of this Agreement.

§ 10.2.2 If the Construction Manager terminates the Contract after execution of the Guaranteed Maximum Price Amendment, the amount payable to the Construction Manager under Section 14.1.3 of A201–2017 shall not exceed the amount the Construction Manager would otherwise have received under Sections 10.1.2 and 10.1.3, both as to the amounts of the Costs of the Work and the Construction Manager’s fee.

§ 10.3 Suspension
The Work may be suspended by the Owner as provided in Article 14 of AIA Document A201–2017. In such case, the Guaranteed Maximum Price and Contract Time may be increased as provided in Section 14.3.2 of AIA Document A201–2017, except that the term "profit" shall be understood to mean the Construction Manager’s Fee as described in Sections 5.1 and 5.3.5 of this Agreement.

ARTICLE 11 MISCELLANEOUS PROVISIONS
§ 11.1 Terms in this Agreement shall have the same meaning as those in A201–2017.

§ 11.2 Ownership and Use of Documents
Section 1.5 of A201–2017 shall apply to both the Preconstruction and Construction Phases.

§ 11.3 Governing Law
Section 13.1 of A201–2017 shall apply to both the Preconstruction and Construction Phases.
§ 11.4 Assignment
The Construction Manager shall not assign the Contract as a whole or in part without written consent of the Owner and if the Construction Manager attempts to make such an assignment without such consent, it shall nevertheless remain legally responsible for all obligations under the Contract.

§ 11.5 Other provisions:
(See A133 Project Attachment)

ARTICLE 12 SCOPE OF THE AGREEMENT
§ 12.1 This Agreement represents the entire and integrated agreement between the Owner and the Construction Manager and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Owner and Construction Manager.

§ 12.2 The following documents comprise the Agreement:

.1 AIA Document A133—2009, Standard Form of Agreement Between Owner and Construction Manager as Constructor where the basis of payment is the Cost of the Work Plus a Fee with a Guaranteed Maximum Price

.2 AIA Document A201—2017, General Conditions of the Contract for Construction

.3 A133 Project Attachment

(Paragraphs deleted)

.4 the terms and conditions contained in the Request for Qualifications (RFQ) and the Request for Proposal (RFP) for this project, all addenda to the RFQ and RFP, and the Construction Manager’s responses.

(Table deleted)
