System Overview on Comprehensive Facilities Planning

The Minnesota State Board of Trustees requires all institutions within the system to maintain and regularly update their campus Comprehensive Facilities Plan (CFP) to ensure short, mid, and long-term planning of campus facilities. Campus development, siting of new buildings and structures, and renovation, repair and renewal of existing facilities shall be consistent with the most current Comprehensive Facilities Plan.

With the current pressures placed upon higher education and its facilities, comprehensive facilities planning has become more critical than ever. Campuses use their current Comprehensive Facilities Plans when:

- Evaluating and improving space utilization
- Acquiring or selling real estate
- Prioritizing repair and replacement needs, and
- Identifying or removing obsolete space.
